

DEMPSEY-CARPENTIER FIGHT RETURNS BY SPECIAL WIRE

ONE MAN KILLED TWO INJURED IN AUTOMOBILE WRECK

NAT ALFORD INSTANTLY KILLED WHEN CAR PLUNGES OVER EMBANKMENT NEAR ROCKDALE.

Nat Alford, deputy sheriff of Milam county, was instantly killed and Dr. J. P. Sparks and E. A. Perry of Rockdale, seriously injured when their automobile was overturned six miles south of Cameron on the Rockdale road Friday, June 24.

The accident is said to have been caused when a wheel on the car was smashed as they were rounding a curve in the road. The car was turned over and thrown some distance into a ditch. Mr. Alford was pinned beneath the car while the other occupants were thrown clear of the wreck.

Dr. Sparks was injured about the spine and is said to be in a critical condition. Mr. Perry who is head of the company now operating the big lignite mines near Rockdale sustained a broken shoulder blade.

Mr. Alford was the father of William E. Alford of Cameron with the Balhorn & Company, wholesale grocer.

The funeral was held in Rockdale from the family residence Saturday June 25.

BAND ENTERTAINS IN THORNDALE DURING TRADES DAY MONDAY

CAMERON MUSICAL ORGANIZATION CAPTIVATES CROWD WITH SPLENDID PERFORMANCE.

Did the band boys enjoy their trip to Thorndale? Just ask anyone of them and sympathize with yourself for not belonging to the band. Philip Reid declared the trip worth ten dollars and I believe he voices the sentiment of all the rest of us.

We made the trip in cars, leaving Cameron about 9 o'clock. Three of us arrived at 10:30, but owing to a few punctures, two of the cars were late and our band which was scheduled to play from 11 to 1:20 o'clock did not get on the job until 11:25. We opened with a parade down Main street, then gave a short concert on the temporarily constructed band stand built in the middle of the street at one of the main business corners.

At noon the Thorndale band served us with a big Dutch lunch. Filled with the enthusiasm of the occasion we did well in surrounding our part of the big eats.

In the afternoon we took turn about playing and right here I am glad to say, Thorndale has a fine band under the direction of Mr. Rudie. Our boys learned many good points from their playing, especially did they notice how well the band watched every move of their director. This is one of the secrets in playing smooth.

At four o'clock we went to the ball park and witnessed the defeat of Taylor, 18 to 0. The Thorndale band played for the game which gave us opportunity to watch it and thoroughly enjoy it.

Last but not least, we were invited by all the soda fountains, restaurants and ice cream parlors to visit them free of charge. Those who smoke were treated likewise. Thus ended a perfect day.

Don't forget the band concert Friday night, 8:15 at city park.
PAUL H. MEDSKER.

Caldwell Negro Given Death Penalty on a Charge of Murder

Caldwell, Texas, June 27.—Charlie Sanders, Burleson county negro, who is charged with the murder of S. W. Richardson on the latter's farm near Cook's Point on the night of June 13, was found guilty by a jury here today and given the death penalty. Judge O. J. Alexander set Wednesday, July 27, as the date for Sanders' execution.

Court convened at 9 o'clock in special session, a jury had been selected at 10, and three state witnesses testified. The defense offered no testimony. The case was given to the jury at 10:20 a. m., and three minutes later the verdict was returned.

The prosecution did not bring up a second indictment against Sanders involving an attack on Richardson's daughter, who is now in a hospital at Bryan in a critical condition. The girl was attacked when she started to the assistance of her father, who was beaten to death.

The case attracted unusual attention in this section and officers guarded Sanders closely following his arrest. Nearly 800 persons were in the court room at his trial today.

RUMMAGE SALE TO RUN ANOTHER WEEK

NETS \$87 FOR BENEFIT OF LOCAL SERVICES OF THE RED CROSS.

The Red Cross Rummage sale which netted about \$87 for the benefit of the local chapter of the American Red Cross will be continued another week. Mrs. R. P. Jeter announces the continuation of the sale during the next week.

The sale is being held in the Landis restaurant building. The Red Cross wishes to thank the public for the splendid patronage shown the sale.

C. S. Peyton of Cleburne, district manager for the Southwestern Bell Telephone Company, was in Cameron Wednesday in conference with a committee from the Commercial Club regarding telephone service in Cameron. Mr. Peyton says that an engineer will be sent to Cameron to make a survey of the system with the view of improving the service and to accommodate applications for telephones.

BASEBALL MANAGEMENT LANDS BIG SPORT EVENT FOR PATRONS OF PARK—BIG MILL STARTS 2 O'CLOCK. NEW JERSEY TIME—RETURNS HERE BY 2:45 SAYS GALVESTON MESSAGE.

Special wire messages covering in detail the Dempsey-Carpentier championship fight in Jersey City July 2, will be received in Cameron and given to the crowds at the baseball park.

In a special message to the Baseball management in Cameron from the Western Union Telegraph Company at Galveston acknowledging receipt of check for charges for the special wire service, the time for the title fight is announced for two o'clock New Jersey time. Being one hour ahead of Cameron time and taking into account the preliminary fights, usually consuming about an hour and a half returns on the main event will be received in Cameron about 2:45, says the message from Galveston.

The championship fight, involving the heavyweight title of the world, coupled with the fact that a foreign fighter is the challenger attaches more interest for the Dempsey-Carpentier bout than any other ring battle in history. Millions of people throughout America will crowd the bulletin boards of the daily newspapers for the returns on the big fight.

City dwellers will have no advantage over Cameron in this instance, as the returns are to be received here as in the cities. It is estimated that 5,000 people will get the fight returns at the ball park. The management has requested that tickets for this great event be purchased well in advance in order that there will be as little confusion as possible in handling the crowds.

The fight messages by Western Union will be delivered in sealed messages to the park and immediately announced from the press box by megaphone. A wealth of detail regarding the fight, special messages fresh from the ring where the veterans of the ring will assemble including much of the hustle and color of the ring-side, will come to the fans by wire and will be relayed through the press box to the crowds as fast as possible.

Sharpe will play Cameron immediately after the fight has been concluded. Thus the fans will have a double bill of attraction for the price of the admission.

A committee of six has been selected and given charge of the handling of the messages. Two special messenger boys will be employed in delivering the returns to the park.

In order to give the best service possible it is important that the crowds assemble in the park by two o'clock. All who wish to get the returns will have to be in the park early.

Galveston, Texas, June 23.—We beg to acknowledge receipt check for \$10.00 to cover reports of the Dempsey-Carpentier bout on July 2nd. These reports will be filed fast day messages collect as per instructions, and we assure you that we will leave nothing undone on our part to get the quickest possible service.

Our reports will not be revised and will be immediately transferred to Western Union upon receipt on our direct circuit, and you having direct connection with this place there should be no delay in the handling.

The fight is scheduled for two o'clock, New Jersey time, this being one hour ahead of ours, and the preliminaries usually consume about an hour and a half and we feel that a safe guess would be about 2:45 or 3 o'clock our time to look for the Big Event.

Any of our customers who want the preliminaries and minor bouts we will of course, furnish them, there will be no extra charge for our service, but it would make a vast difference in the telegraph tolls, and we will not furnish them unless ordered. This would include ring gossip, etc., as we would not have time to make any revisions in reports. A complete report would mean approximately two thousand words.

We estimate the Big mill to average about a hundred words per round. However, everything will be done on our part to give our customers best possible satisfaction.

Thanking you for your order, we remain,
Yours very truly,
Texas Bulletin News Service.

EVANGELISTIC MEETING AT CURRY SCHOOL HOUSE JULY 22.

Rev. C. L. Spradley, county missionary has announced that beginning July 22, an evangelistic meeting will be held at the Curry school house. The services opening the meeting will be held at 8:30 p. m.

Rev. C. D. Kelly of Waco, will conduct the services. "This entire community is asked to help Brother Kelly make this meeting a great blessing to this people," says Rev. Spradley in his announcement of the meeting.

BRINGING TOURISTS TO CAMERON IS AIM OF CLUB DIRECTOR

J. T. PARMA TURNING TIDE OF CROSS COUNTRY TRAVELERS THROUGH CAMERON.

Bringing tourists to Cameron is the very desirable public service being rendered by J. T. Parma, Commercial Club director and business man.

Mr. Parma has logged the state and has a fund of information for tourists which is being sought and followed by the tourists in Texas and out of state travelers.

The Houston Chronicle has requested Mr. Parma for information concerning motor routes. Sunday and all this week tourists were passing through Cameron as a result of an inquiry from the Motor League of South Texas with headquarters at Houston.

Mr. Parma has urged parking space for Cameron and it seems that the appeal is abundantly justified by the number of tourists now seeking travel through Milam county because of our good roads.

Following is a letter from the South Texas Motor League:

Houston, Texas, June 26, 1921.
Mr. J. T. Parma,
Cameron, Texas.
Dear Mr. Parma:

Referring to the log and route you sent us showing a short road to Burnett via Georgetown. We have a whole lot of tourists and travelers marooned here whom we would like to send through your city and section.

Please advise by return mail conditions of the road over this route being careful to take cognizance of any bridges having been washed out.

Your immediate reply will be greatly appreciated by general the travelers.

Yours very truly,
Motor League of South Texas,
W. G. Jones, Sec.-Mgt.

POLICE OFFICER MURDOCK DIES FROM WOUNDS

SHORT CALL OFFICER INJURED IN MAKING ARREST OF NEGRO—FAILS TO RECOVER FROM ATTACK.

Police Officer Dave Murdock died at 11:15 Tuesday morning at a local hospital from injuries received last Tuesday, when he was shot through the jaw while trying to arrest Will Alexander, negro, for shooting a negro woman.

Murdock was operated on Tuesday and died from dilation of the heart, as a result of the anaesthetic, physicians said. Death in such an instance is a contingency surgeons have always to fear, it is stated.

He is survived by his wife and three children, living at 602 West Seventh street.

He had been with Houston police department since October, 1920. Before joining the police department he was a state convict guard.

Alexander faces one charge of murder, in connection with the shooting of Edna Phelps, negress.

A charge of assault to murder, filed in the Murdock case, will be changed to murder.—Houston Chronicle.

The funeral of Police Officer Dave Murdock who died from wounds received in a gun fight with a negro in Houston was held in Rockdale Wednesday afternoon. Murdock was at one time a resident of Milam county, having lived in Rockdale where the body was returned following his death Tuesday in Houston. He had also resided in Cameron.

EPWORTH LEAGUE COUNCIL MEETING.

The regular council meeting of Epworth League met with Miss Elaine Jackson Tuesday evening at seven o'clock.

Plans for year work in Social Service Department were given by superintendent, Miss Mildred Aiken.

The department of recreation and culture under the leadership of the superintendent, Miss Ruby Caton, has planned some discussion for each month of the coming year.

After the regular business was concluded the hostess served ice cream and cake.

MASONS ELECT.

The following officers have been elected for the ensuing year in the Cameron Masonic lodge: W. G. Gillis, W. M., Newton McDonald, S. W., Edwin York, J. W., Horton Garner, secretary, T. F. Hardy, treasurer, J. M. Eplen, Tyler.

Hilton Howell of Austin, is in Cameron visiting his parents, Mr. and Mrs. T. A. Howell.

Lighting System for Cameron Streets Discussed By Club; Committee Will Investigate

THREE UNIT CREDIT IS GIVEN CAMERON PUBLIC SCHOOLS

DR. A. S. EPPERSON NOTIFIED OF ADVANCEMENT OF SCHOOL NOW AMONG BEST IN TEXAS

Notification has been received by Dr. A. S. Epperson, president of the Board of Trustees, from the State Department of Education that the Cameron school has been granted the fourth unit in Latin and third unit in Spanish and full affiliation.

This granting of new standards for the Cameron school places the school among the best in Texas, in fact very few schools in Texas have received these credits.

Mrs. C. H. Yoe in present the new high school building to the city of Cameron has made it possible for Cameron to rank with the best school centers in Texas and her generosity and interest in the city is given praise by the people as well as the board through Dr. Epperson who makes this announcement regarding the new units granted the school.

Notice has just been received from the State Department of Education that our school has been granted the fourth unit in English, fourth unit in Latin, third unit in Spanish and full affiliation which is considered a very high mark since very few schools receive these credits. Our superintendent, teachers and pupils did good work last year. The board comes in also for their share of the credit in supporting the superintendent and teachers in every way possible, while Mrs. Yoe has been an inspiration to all concerned and will rejoice with us in this recent advance in our school.

PEACE RESOLUTION FORM AGREED UPON

Washington, June 29.—Senate and House conferees have finally reached agreement on the form of a resolution to establish peace with the central empires.

Leaders of each chamber expect immediate ratification of the decisions of the conferees, which means the resolution will lack only the signature of President Harding to become effective.

The resolution declares a state of peace exists between the United States and Germany, and between the United States and Austria-Hungary. It attempts to reserve to this country all rights it acquired either through the armistice or the treaty of Versailles, and other treaties, and specifies that sequestered enemy property shall be retained by this Government until claims against the enemy countries are adjusted.

The resolution, as finally agreed upon, is a compromise between the Knox resolution, passed by the Senate and the Porter resolution adopted by the house.

House conferees agreed that the Senate provisions regarding American rights should, in the main, stand as written in the Knox resolution. The Senate spokesmen, in turn agreed to the establishment of peace by the simple declaration that it exists, as the Porter resolution provides, instead of through a repeal of the declaration of war, which was the method of the Knox resolution.

Senator Lodge, chairman of the Foreign Relations Committee, said the Republicans reached an agreement "most amicably." The Democratic members later were called in when the formal vote was taken on the agreement.

House spokesmen were insistent that the declaration of war, which asserted the culpability of Germany, should not be wiped off the statute books, and the Senators were not disposed to make a strong defense for their method. House conferees, in turn, accepted provisions regarding alien property, which they had previously rejected, and agreed to accept provisions of the Knox resolution which specify that favored treatment shall be given American nationals in Germany and Austria, and that Germany and Austria shall confirm all fines, penalties and seizures made by the United States.

The peace resolution originally was presented by Senator Knox in December, 1916, and after having been passed by both chambers, was vetoed by President Wilson. It was reintroduced when the new Congress, with an overwhelming Republican majority, went into session in March. Passage has been delayed by disagreement between the two chambers, and by uncertainty as to what attitude Germany would take on reparations.

A street lighting system for Cameron at a cost of not more than 7 cents on the one hundred dollar valuation was taken under advisement by the Commercial Club Friday night after an address by L. Mitchell of the Southwest General Electrical Company.

This is regarded as the most distinct improvement project to have been undertaken this year and it is believed the Civic Improvement committee will find the street lighting system a good investment for the city.

Roll call showed the following present:

Officers: Robt. McLane president, W. W. Chambers vice president, W. B. Skelton secretary.

Directors: J. T. Parma, J. W. Coleman, C. R. Phillips, Giles L. Avriett, J. D. Dobbins, Jno. E. Mangum, C. W. Lawrence, F. S. Lesovsky, W. G. Gillis, Monta Thomas.

Committee Chairman: J. R. Hays, Monta Thomas, T. S. Henderson, W. M. Cobb.

Minutes of previous meeting were read and upon motion, adopted.

Mr. T. R. Depew, local Cotton Classifier submitted a report, showing activities of the local Cotton Classing Service for the past year. Upon motion follows:

from C. W. Lawrence, duly seconded this report was received. The report is a letter was read from Jno. B. Beers, Specialist with the Cotton Classing Service, in which he requested information as to what disposition Cameron cared to make of the cotton classing station for next season. Upon motion from Giles L. Avriett, seconded by W. W. Chambers the matter was referred to the Cotton Classing committee.

The secretary announced that the services of Secretary Eberstadt of the Bryan and Brazos County Chamber of Commerce would be secured for one day for the purpose of bringing information on Building and Loan Association and Commercial Club work. Upon motion from J. W. Coleman seconded by W. G. Gillis, the secretary was instructed to invite Mr. Eberstadt to visit us on the next membership meeting night, which is July 29.

Monta Thomas, chairman of the Membership and Entertainment committee announced that his committee thought best not to proceed as planned with the banquet for the Band and Fire Boys.

Mr. L. Mitchell, sales agent of the Southwest General Electric Co., appeared before the club and discussed an up-to-date street lighting system for Cameron, with ornamental lights for the business district and an improved system for the residence section. Mr. Mitchell stated that an excellent system could be installed and maintained at a cost that could be paid for by a special tax of approximately 7¢ on the \$100.00 valuation. Upon motion from W. G. Gillis, duly seconded the matter was referred to the Civic Improvement committee with the suggestion that committee get in touch with other Texas and Oklahoma towns where these people have installed lighting systems.

T. S. Henderson brought up the subject of a campaign in Cameron against mosquitoes and flies and stated that if something is not done in the near future to rid the city of these pests serious consequences would result. Upon motion from T. S. Henderson seconded by W. G. Gillis the old committee on Mosquito eradication was reappointed.

ROGERS WILL PLAY CAMERON TEAM JULY 4 AT LOCAL PARK

PLAN TO HAVE BIG DAY FOR SPORT WHEN FAST CLUBS MEET IN AFTERNOON.

A red letter day for baseball in Cameron is planned for July 4, when Rogers and Cameron play, meeting for the first time this season.

Cameron was scheduled to meet Rogers last week on the grounds at Rogers but rain interfered. It is being planned to have the business houses close in the afternoon so that all may have an opportunity to see the game.

On July 2, Sharpe will play Cameron. On last Sunday Cameron defeated Sharpe in a hitting duel at Sharpe.

Returns from the ringside at Jersey City when Dempsey defends his title against Georges Carpentier will be received at the ball park in Cameron July 2. These returns will be received just preceding the game.

The fight returns are being arranged for by the management of the baseball club and will be received by special wire through the Western Union Telegraph Company's office in Cameron.

No extra admission will be charged but all are urged to buy tickets in advance in order to be assured of accommodations at the park.

WANT PRECAUTIONS TAKEN AGAINST FIRE DURING JULY 4TH

FIRE MARSHAL ED ADAMS PRESENTS PLAN OF PRECAUTION BY INSPECTION BUREAU.

The Fourth of July will soon be here. Preparations are already under way in many localities for commemorating the occasion.

In former times it was the custom to begin and end the exercises of the day by discharging fireworks which uniformly resulted in many personal injuries and deaths and the destruction of a great deal of valuable property. Within the last few years, impressed with the folly of destroying life and property in festivities that are intended to afford the citizenship of a mighty nation the opportunity to rejoice and be glad, the American people have manifested a disposition to turn to more safe and sane methods of observing the Glorious Fourth, with the results that the sacrifice of human life and property values to Independence Day celebration is showing a marked falling off.

In every city and town in Texas provisions ought to be made by local authorities for suitable amusements or exercises definitely calculated to educate the people in a rational observance of this historic day. The things that can be done to interest the public in a sane and wholesome celebration are unlimited, and communities where steps have been taken in the past in that direction are already reaping the benefits of the wisdom and high sense of civic responsibility so displayed.

It is perhaps too much to expect that there will be no casualties to report from the coming celebration, or that we will pass the day without fires, but some efforts at least may be made by the municipal authorities toward leading the public into more sensible forms of celebration. The firing off of explosives among the closely built-up wood shingle roof frame houses which compose the greater part of our cities and towns, is a most hazardous practice that should not be permitted. If explosives are to be handled at all, the authorities can limit their use to the public parks or other open areas during certain hours of the day, where those who feel that they must have noise may entertain themselves without injuring other people or setting fire to the community.

That every precaution may be taken against the possibility of fire there should be a general cleaning up of all rubbish and litter before the Fourth of July. The use of fire works, if allowed at all, should be restricted as to time and place that the proper safeguards may be provided to prevent the possibility of the spread of fire.

Let us keep the Fourth of July carelessness and recklessness under the ban to the end that the casualty list and needless fires of the past may not be revived.

Price Cross is home from the State University and sang a beautiful solo at the Presbyterian church last Sunday night.

THE DAY MOON

By ALICE P. PHINNEY.

CURRENT COMMENT TAKEN FROM OUR EXCHANGES.

Legislatures should not be paid for riding the train. They should be paid for legislating. Legislators should not be paid indirectly. They should be paid directly. Texas legislators are now paid for riding the train. That is, their mileage allowance is greater than the cost of their traveling to and from Austin.

A proposed constitutional amendment would cut down the mileage allowance fifty per cent. It would pay legislators not to exceed \$10 a day for a session of 120 days and \$5 a day thereafter. Legislators now get \$5 a day for sixty days and \$2 a day thereafter. Necessary legislation is scarcely ever completed in sixty days, nor can the legislator live on \$2 a day.

Hence there is right in the argument that they should get a larger per diem. All of us are continually urging men of ability to make the race for the state legislature. At the same time that we urge we make it impossible for many such by giving them a salary so small that they cannot live on it. The proposed constitutional change would make the remuneration somewhat more adequate. It would give a legislator something more than a day laborer gets.

The raise in salary would not necessitate a raise in tax rate. For the session of 120 days, champions of that declare more effective work could be done in one continuous session of this length than in a shorter regular session with special sessions tacked on it.

The old high mileage allowance dates far back to the time when it was far more costly to travel than it is now; when the distance now covered in hours took days. Texas has passed beyond the stage coach period and stage coach methods of paying the traveling expenses of legislators should no longer obtain. Let's pay the legislators a living salary for legislating and not a bonus for traveling.—The Dallas Times-Herald.

DO YOU USE LIFE?

In a frame, hung upon the wall in a prominent place in the reception room of a large banking house in New York, is the inscription:

"Do You Use Life, or Are You Just Letting Life Use You?"

What a world of thought is opened by this query. Are you one of those who are letting life use you? Are you simply drifting with the current? Or are you guiding your ship of destiny firmly and unwaveringly?

Many a man and woman are letting life use them without an effort to direct their course. They go along the highway of life aimlessly, with no special goal in view. They encounter difficulties which, had they been on the alert, they could have avoided. They let life use them as it will, the plaything of currents

which they are too lazy to try to stem. When anything goes wrong, these people who are letting life use them shrug their shoulders and say, "Such is life."

Life has been given to each one of us to use, from the cradle to the grave, as we see fit. Obstacles may oppose, difficulties may rise, there are sure to be many dangers and trials to be encountered, but if we are determined that our life shall be molded according to our best desires, and that we will not become the creatures of circumstances, we shall win in the end. We can make of life what we will; we can be used by it, flung about and trampled upon, and at last go down to a nameless death.

Or we can take control and become the master of life, and guide it as we will. We can use it to make a better, a brighter and a happier world, not only for ourselves but for others with whom we may come in contact. We can so use life that when the end comes we shall have obeyed Bryant's parting injunction in Thanatopsis:

"So live that when thy summons comes to join the innumerable caravan, that

moves To that mysterious realm where each shall take His chamber in the silent halls of death,

Though go not, like the quarry slave at night Scourged to his dungeon; but, sustained and soothed By an unfaltering trust, approach thy grave

Like one who wraps the drapery of his couch About him, and lies down to pleasant dreams."

—Dearborn Independent.

HEAD STUFFED FROM CATARRH OR A COLD.

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breath freely. No more

hawking, snuffing, blowing, headache, sneezing. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic,

healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

Preparation

Spending your last dollar each week is no way of preparing for the future. There may come a time when you will not have a last dollar to spend. Then where will you turn for aid and comfort? Surely those with whom you spent your last dollar will not assist you.

Better that a man practice Thrift and lay aside part of his income, even though it be only two or three dollars each week. Then he can rest assured that the road of the future will be easier to travel when adverse conditions come upon him. He will have the necessary wherewithal to tide him over the rough spots.

Stop in today and let us show you how we can safeguard your future.

CHAMBERS-HEFLEY MOTOR CO.

Cameron, Texas

K. T. Garage

Joe Bass, Proprietor
Cameron, Texas

The artist laughed good humoredly. "I didn't come up to talk of moons," he said, "and I apologize for being so informal, but I'm painting this landscape—" his sweeping gesture took in the sunny hills and the gleaming river—"and just as I was getting it my light yellows gave out—that's the main tone—and then I saw your easel and wondered if you, being a painter, too—"

"Of course," she admitted, "light yellows. One couldn't paint without them today. But the oil tubes aren't here yet. If you'll wait—"

She motioned to him to be seated. "It's wonderful to paint," she said as he complied.

"Isn't it, though? And on a day like this."

She nodded and sniffed the sun-scented air delightedly. "Nature's just baking," she declared, and laughed as she added, "Cooking things always smell good to me."

The artist tapped the ground with his brush. "Nature," he said, "is the one artist who is practical. There are so few like that."

In the valley below was a white church, seeming ridiculously tiny as they looked down from the hill. The wee door swung open and—

"Why, that darling white speck," cried the girl. "It's a bride! And the black speck is the groom, and all the rainbow specks are—"

The artist watched them. "From this distance," he mused, "we can suppose them the ideal couple. Mother Nature is healthy, artistic and practical. We people can all be the first and then we have our choice between the other two."

He had often talked in this strain at the club.

"I hope," he added, "that one of those little specks can dream to some purpose and that the other can—boil eggs. They might use the day moon," he suggested.

"Oh," she remembered, "the day moon! What was that superstition?"

"An old Hindu thing, I think. Your watching it so intently made me recall it. On the noon of the full of the day moon one should pray to it for his heart's desire. But he won't receive it unless it is worthy and fairly practicable. It's best to sleep with a white cat until the new crescent appears, and there ought to be someone else who wants the same thing. They could vow for the practical."

"How keen you are for the practical." She turned to look at him.

"Well, being an artist I've had to cook for myself now and then. It makes a man think. I shall never marry an artist, while you, now, if you were to marry some intensely practical fellow—"

Suddenly he didn't want her to marry any too intensely practical fellow.

"But maybe you're not an awfully good artist," he suggested hopefully.

"I don't wonder our grandmothers laugh at us," she declared, rising briskly. "This way of discussing our most personal affairs in an impersonal way with utter strangers is funny."

He chuckled at her dainty decisiveness, and, rising, too, "Do you know I wish you weren't an artist?"

The girl was shading her eyes and looking off toward the hot, lazy river. A canoe, paddled by a strong, drab clad woman, glided ashore. The girl smiled.

"Ah, there's Annette," she murmured.

"Annette Fraser, the artist," he nodded.

The girl's hazel eyes doubtfully appraised the easel and stool. "I hope these are right."

She turned quizzically toward the artist. "Oh, by the way," she said, and there was amusement in her voice and, yes, apology:

"You see," she waved her hand toward the canoe, "Annette paints," she paused a moment; "I'm a teacher of cooking."

Quite abruptly she sat down among the daisies and lifted her eyes to the day moon.

"No!" he exclaimed, and quite abruptly he sat down on the green be-
leaved palette, but his eyes—well, he had forgotten the day moon.

By Mrs. W. A. GILLON

BOSLEY-WILSON.

A wedding of interest to Cameron people was that of Mr. A. W. Boslev, formerly of Cameron, now of Botaw, and Miss Alice Wilson of Silsbee.

Mr. and Mrs. Boslev are now on their honeymoon trip to Denver, Colo., and will visit Cameron about July 1st.

Mr. Boslev will be remembered as one of the Cameron boys who graduated from Cameron High school in 1916. He is now agent for the Santa Fe railroad, at Botaw.

PRESBYTERIAN AUXILIARY.

About eight of the ladies met at the church and had an interesting Bible Study lesson. Mrs. Graham Gillis was leader and the subject was the Psalms of Solomon.

BAPTIST AUXILIARY.

All of the circle of the Baptist Auxiliary met in a social way by having a picnic at the City Park.

There were thirty ladies present and a most delightful hour or two spent in social intercourse. Mrs. Wm. Henderson, delegate to the Woman's District Meet at Austin read her report after which a picnic lunch was thoroughly enjoyed.

SLUMBER PARTY.

Mrs. Jim Baskin complimented Miss Dollie Young with a slumber party last Thursday night. Ten girls gathered in the home of Mrs. Baskin at six o'clock and partook of a delicious supper, after which they were joined by a number of boys and chaperoned by Mr. and Mrs. Jim Baskin, and Mrs. Julian Baskin, they enjoyed a picture show at the New Hefley Theatre. After the show they played games, had music and were served cream and cake.

The wee hours sent the boys home while the girls remained for a night's frolic. Those enjoying this delightful party were: Misses Dollie Young, May Young, Rosalee Baskin, Dulce McCall, Irene and Edna Moody, Bessie Wylie, Bernice Terry, Louise Adams and Neppie Newton, of Houston.

ARTHUR ADAMS ENTERTAINS.

About twelve couples of young folks accepted an invitation from Arthur Adams to enjoy a party Friday night. Seven o'clock found the young folks gathered on the beautiful lawn at the Adams home.

"42" and a number of other games were enjoyed. Also a peanut race, cracker race, etc.

Music on the Edison and several songs by Miss Louise Adams further delighted the children.

At ten o'clock Mrs. Adams and daughters served cream and cake and sent a happy bunch home.

PICNIC AT BATTE'S PARK.

The losing side in the membership contest of the Methodist Missionary Society entertained the winning side last Monday afternoon from 4 to 7 o'clock.

The captains were Mesdames Walter Sharpe and Howard Baskin, and Captain Sharpe and her side entertained royally. There were forty-four ladies present with Mesdames Tom Denson Ledbetter of Dallas, and Miss Louise Clark of Houston as guests.

Games and other contests and a splendid round table talk on ways and means of keeping up the interest of the society during the summer, led by Mrs. Joe Lindsay, was the diversion of the afternoon of which a most sumptuous spread was enjoyed consisting of fried chicken, sandwiches, salads, pickles, cream and cake.

BIRTHDAY PARTY.

Little Miss Ethel Collins entertained fifty little boys and girls last Friday afternoon from 5 to 7 o'clock.

Games of all kinds were enjoyed on the lawn and Misses Maurine Clinton and Louise Atkinson assisted Mrs. Collins in entertaining and serving the children.

A guessing contest afforded much interest. It was a jar of beans with 300 in it. Florence Atkinson guessed 290 and won the prize box of candy. The dining table was beautifully decorated with nasturtiums and zenias in the midst of which were two large birthday cakes, each with twelve candles on it, so each child got a cut and a number of dimes and nickels and buttons were distributed.

Mrs. Collins also served assorted cakes, candy, ice cream and lemonade. Ethel was the recipient of a number of beautiful presents, perfume, fans, handkerchiefs, beads, statuary, toilet water, etc.

BRIDGE PARTY.

Mr. John Sherrin and Dr. Van Zandt entertained the bridge players last Tuesday night at the home of Mrs. Lotta Bigbee.

After the evening meal the dining room was converted into a spacious parlor, decorated beautifully in daisies and ferns. The color scheme was yellow and white.

Four yellow covered tables were arranged and sixteen players were soon busily engaged in the game.

The score cards and tally pads were shasta daisies. After a number of interesting games a delicious two-course luncheon was served, consisting of chicken salad, pear salad, sandwiches,

olives, frozen ice and marshmallow cake.

DINNER PARTY.

Last Tuesday night Mrs. Jennie Smith complimented her guest, Mrs. Emerson Davis, of Waco, with a dinner party.

The dining table had a center piece of red carnations, and a delicious four course dinner was served.

Those present were: Mesdames Sallie Phillips, J. M. Tucker, E. L. Reynolds, of Dallas, Emerson Davis, of Waco, Decantier and Mr. Robert Smith.

Grove's Tasteless chill Tonic

restores vitality and energy by purifying and enriching the blood. You can soon feel its Strengthening, Invigorating Effect. Price 60c.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

CLASSIFIED ADS

FOR SALE

LOWER RIO GRANDE VALLEY FARMS. For Sale. Want to buy or trade for a farm in our section. Let me tell you about a few choice pieces for sale. I am a farmer and know values. Lothrop Lee Brown, R. F. D. No. 1, McAllen, Texas.

CHIROPRACTIC

The brain is the central operator which controls the function and maintains the health of every organ in the body. Do you realize that the lungs could not function one minute if it were not for the brain activity? Do you know that if this operator in the brain should rest for five minutes, your life would end?

All over the body are nerves which extend from the brain to the tissue cells. There is no part of the body that is not supplied. These small nerves are the wires which carry the messages controlling function. The heart beats, the stomach digests, the glands secrete, and muscles produce motion, because of the messages sent out from the brain, over these nerves.

If the nerves are cut, the tissues which they supply can no longer function. However, it is also possible for them to be pressed upon, and if this happens, their ability to carry their messages from the brain is impaired.

This is exactly what happens in all cases of sickness. The nerves are pressed upon where they emerge from the spine, due to an abnormal position of the vertebrae between which they emerge. Thus the organ supplied is affected so it cannot properly function. If it is the nerve supplying the stomach, indigestion, or some other form of abnormality exists. If the nerve supplies the heart, heart trouble occurs, etc.

The chiropractor merely restores the vertebra to its normal position, and when this is done and the pressure removed from the nerve health exists.

CASTING ABOUT FOR REVENUE.

That very decided majority in Texas called the people to whom is given the bag when the politicians go snipe hunting are now face to face with the 'revenue hunters.'

The Legislative Body is casting about for revenue.

Nothing will be left unattempted by the revenue hunters cached in the dome at Austin to get a bead on the avenues of public emolument that lead to the thatch roofs in Texas. The dear peepul must again yield in the face of campaign demands, to levys to meet mounting government expenses.

Two measure for increasing revenues have come to light and at least one of them is said to have met with the approval of the Governor who stirred up a hornet nest in West Texas for a too free use of the pruning knife.

Policies of economy, no matter how well sustained by the sovereign ballot are usually lost in the recurrence of legislative orgy. As campaign thunder they shake the welken but as a practical, and auctual operative administrative achievement they flicker and die. The calendar is not made that way.

In the regular session of the 37th Legislature a tax of two cents was proposed on gasoline to be borne by the refiners. The legislative angler was casting in the wrong pond. The consumer is now thought to be the proper fish to fall for the diowjacing methods of the "revenue hunters." In the coming session the bill by John T. Smith of Travis will propose a tax of one cent to be borne by the consumer.

Another bill is in the ante room from the department of education. This will put a tax of one cent on movie tickets so the consumer may have a larger share in the affairs of the government.

It is said that the department of education is being congratulated on this bill, the idea and plan being hatched by its executives who have given "material aid in devising plans for promoting the cause of education in Texas."

When, if ever, may we expect the "revenue hunters" to cast about for means and methods to reduce the public expenditure, and to cut the shackles from the hands that hold the bag.

LOCAL AND PERSONAL

Mrs. Frank Lesovsky and children returned Wednesday night from a visit to her parents in Caldwell.

Mrs. John Watson returned Tuesday from Dallas, where she visited two weeks with her sisters.

Miss Lilla Bassett, of Dallas, is the guest of her sister, Mrs. John Watson.

Mr. and Mrs. John T. Burt came in last week from Aransas Pass to visit Mrs. Burt's parents. She will spend the summer. Mr. Burt will only be here a few days, when he will return home to come back later and accompany his wife and the children home.

Mrs. B. J. Baskin is visiting her father this week at Gause.

Miss Lizzie Haag of Houston, is visiting her aunt, Mrs. Gardner, and daughter, Miss Aggie.

Mr. and Mrs. Dave Wilson and baby spent a few hours in Cameron last Sunday enroute to their home at Bryan, she having been visiting her parents in Ballinger.

Mr. and Mrs. R. L. Batte Jr., and babies went to Waco last week-end to visit her mother and sister. Mr. Batte returned Sunday. Mrs. Batte will remain for a week longer.

Mrs. John Joyner and Mrs. Fritz Fahrendorf visited Houston and Galveston last week.

Miss Nell Miller of Taylor, is the guest of Miss Ruth Henderson for a few days.

Mr. Pope Sapp spent last week-end in San Antonio with his wife and son who are visiting relatives there.

Mr. John F. McLane and wife came in Saturday from Waco to visit their parents, going back Monday.

Mr. Price Cross came home from Austin Friday and will spend a few days with his parents before going to Greenville, where he has accepted a position with his brother Harry Cross.

Miss Louise Clarke of Houston is visiting Mrs. J. L. Clinton this week.

Mr. and Mrs. Reid, have returned from their bridal trip and are at home in Hefley heights.

Miss Gertie Graves, after spending two weeks with her brother, Mr. Geo. Graves and family here, left for Fort Worth to visit her sister, Mrs. Beaty.

D. R. Criswell of Buckholts, was in Cameron Wednesday on business.

C. S. Terry was in Cameron Saturday with the first load of melons to have been marketed from his farm this year. The melons brought fancy prices, selling from 50c to \$1 each.

Claud Triggs and Jack Adams returned last week from San Antonio where they spent several days the guests of friends. Both were on their summer vacations.

J. H. Reynolds and family left Wednesday for Cleburne to spend four weeks visiting relatives. They went by automobile.

Judge E. L. Ramsey and Gus Norman of Thorndale were in Cameron Tuesday on business. Mr. Norman is to attend the Tyler Commercial College this summer.

Mr. J. D. Howell and wife of Austin, are spending the week in the home of their parents, Mr. and Mrs. T. A. Howell.

Mr. and Mrs. W. A. Wilkerson and Mr. and Mrs. T. A. Howell attended the ice cream supper at Yarellton, Friday night.

BUCKHOLTS.

Mr. and Mrs. Lee Baker, Walter and Ema Kosel, Lillie Webernick, Fred, Annie and Gussie Ohlenbush, Robert and Miss Alma Falschinsky and Alice Frojan, were at the dance at Buckholts last Saturday and all enjoyed themselves the finest kind.

We hope that they all soon can be with us again.

Latest news of Mr. and Mrs. E. A. Flynn and children, Glenn and Harriette, is that they are comfortably domiciled in a cottage at Bolder, Colorado, and enjoying themselves very much.

Mrs. Hubert Hefley returned last Saturday from Bloomington, Ill., where she visited her friends, Dr. and Mrs. R. B. Fox.

Miss Louise Clarke, of Houston, is the guest of Mrs. L. J. Clinton.

Miss Edna McKinney of Jones' Prairie spent last week visiting her sister, Mrs. Jim Baskin.

Mrs. W. H. Ledbetter of Dallas, is the guest of Mrs. Tom Denson.

A little daughter came in the lives of Mr. and Mrs. Willard Chambers last Saturday to brighten and bless them.

Mr. and Mrs. Dave Wilson, of Bryan, spent last Sunday in Cameron.

Mr. and Mrs. James Watson and daughter Mae, of San Barnidena, Cal., were guests last week in the home of their cousins, Judge and Dr. Jim Watson.

Miss Helen Morris of Morefield, Ark., is the guest of her sister, Mrs. Leslie Lindsay.

STRAYED OR STOLEN — From Hood Caldwell's farm on Rockdale an Cameron road, Fox Terrier dog, Short tail, one ear black, the other smoky. Right foot slightly bent out at ankle. Is branded on right shoulder. Having had the expense and trouble of raising, any gentleman or even a common thief will admit I should have some benefit. Any information will be amply rewarded. Hood Caldwell, Rockdale, Tex. 9-1t

Mr. Robert Terry from the Cat Oil field was in the city Tuesday to witness the tall game.

Mrs. Kirby Boles went to Waco for a short visit Wednesday morning.

Mrs. E. L. Renolds, of Dallas, left for her home Wednesday, after a visit with her mother, Mrs. Jennie Smith.

NEGRO MAN IS IN CUSTODY IN AXMAN PROBE

OFFICERS AT NAVASOTA MAKE ARREST; SAY MAN HAS MADE STATEMENT AND IMPLICATED TWO OTHERS.

Navasota, Texas, June 26.—Jim Thomas, 21-year-old negro, is under arrest here in connection with the attack made on Ben Silverstein and A. Isenberg of this city Thursday morning, when the two white men were beaten over the head with an ax.

Officers declare that the negro has made a statement admitting that he was responsible for the deed and implicating two others. Local officers are confident that the man did not have anything to do with a similar attack made on B. Wolf and his wife in Houston a week ago.

The negro was flushed by posses operating under the direction of Deputy Sheriff Coe and Constable Howard seven miles from Navasota. He was seen late Friday afternoon but the posses were unable to close in on him.

They had been hot on his trail all during the day and shortly before nightfall effected his capture.

Silverstein and Isenberg were attacked by a man Thursday morning about 4 o'clock. Isenberg was first beaten over the head with an ax. Silverstein, hearing the noise and coming to help Isenberg, his father-in-law, was struck with the ax also.

Both the men were taken to a local hospital and their wounds treated. Friday Isenberg was moved to Houston by a daughter who lives there.

Silverstein is not thought to be in a serious condition, but it is understood that Isenberg is seriously injured.

Assault to murder charges will be filed against him, officials say.

MRS. CLINTON ENTERTAINS.

Wednesday afternoon Mrs. Clinton gave a forty-two party in honor of her niece, Miss Louise Clarke of Houston, and Miss Gladys Watson.

The home was gorgeously decorated in yellow and white shasta daisies and sunflowers.

As the guests arrived they were served punch on the gallery by Maurine Clinton and Helen Green. Five tables covered with yellow were arranged. Score cards were girls dressed in yellow, and a number of interesting games were played.

Table favors were linen handkerchiefs, handwork of Maurine Clinton clever little daughter of the home. These fell to Misses Catherin and Helen Flynn, Olive McGehee, Louise Hearrell and Lorena Ruby. Beautiful powder puffs were presented to the two honor guests, Misses Clarke and Watson.

Mesdames W. A. Bonds and L. A. Cottle assisted Mrs. Clinton in serving individual cakes iced in yellow and yellow and white brick cream. It was a beautiful midsummer party and thoroughly enjoyed by the girls. Out of town guest was Miss Miller of Taylor.

COMPLIMENTARY BRIDGE.

Mrs. Giles Avriett entertained in honor of Mrs. Vernon McIntyre of Marathon, with two tables at bridge Wednesday afternoon.

One room was in pink roses and pink crepe myrtle and one in red roses.

After a number of interesting games Mrs. Avriett found that she had won her own prize but graciously and sweetly presented it to the honor guest. The prize was a wooden vase in the form of a telegraph pole with a woodpecker on each side.

A delicious salad and ice course was served.

PRAISE SERVICE.

In the absence of the pastor of the Presbyterian church Sunday night, Judge Graham Gillis conducted an impressive praise service of song and music. There was a splendid attendance. A number of the sweetest and best old families songs were rendered by the victrola, which was in charge of Fred Young, the choir accompanied by the orchestra and a beautiful duet by Mrs. Thad Epperson and Miss Esther Fields. Judge Gillis read three Psalms of praise, joy, and victory and made a feeling talk about them and gave the history of many of the songs of the evening.

Miss Ruth Henderson has as her guest for the week, Miss Nellie Mills of Taylor.

DELICIOUS AND REFRESHING
MISSED his train—but not refreshment. Coca-Cola is sold everywhere.

Insurance Ruling Given For Independent Schools

Austin, Texas, June 22.—In an opinion to Miss Annie Webb Blanton, State superintendent of public instruction, the attorney general's department has held that an independent school district has no authority to insure school buildings in a mutual fire insurance company organized under chapter 10, title 71, Vernon's complete statutes of 1920.

In this case the Belton independent school district desired to insure school property in the Texas State Mutual Fire Insurance company, but under this opinion, the school district is without authority to insure in the mutual company.

I am calling attention to the above item to show the insuring public what the Attorney General has to say regarding Mutual Fire Insurance Companies.

There are numerous fire insurance companies represented here that are known as Stock Companies who have a known asset and are operated very much on the order of the banks of our country, and have to state what their capital stock is so that the patronizing public may know just how safe they are in dealing with these institutions. Why jeopardize your interests by not dealing with an Insurance Company that has a capital stock to protect you in the event of a loss and whereby your liability is not placed in jeopardy as it is with any mutual insurance company, because one's liability is not at all circumscribed under the Texas laws when dealing with a mutual insurance company.

OIL MAY YET BRING MILLIONS TO CAMERON

Not so very long ago a small band of Cameron citizens pooled a little capital to play a strong hunch that they would find in Milam County the foot of the rainbow.

What civilization owes to the pioneer the petroleum industry owes to the wildcatter. So we find these citizens pioneering in Milam county, playing their hunch that somewhere near Cameron the bit would drop into the big pool and their pot of gold would be found.

Now this is not a chronicle of what might have been, or what is to be. This is a chronicle of what is.

They struck oil!

Rich crude gushed over the derrick and men knew they had found the foot of the rainbow. But all did not go well with our little band of pioneers in their great discovery. Trouble set in and through improper casing, and, perhaps drilling, the well was lost.

But these men had played their hunch and while their efforts were barren of practical results, they had struck oil. The word went out and soon, what is now known as the Tracy-Cameron oil field became a bee-hive of industry. Wells were drilled, some fair and others not so good, but all of them showing oil. Leases began to jump as operators came in. They bought. Companies were organized stock sold; pipe lines were discussed and refineries talked. Everybody was talking oil. They are still talking oil and while no marketable quantities of oil to speak of has come out of the field there has been during recent months a more systematic development with progress to the extent that a small refinery was erected near Cameron but later operation suspended because of the poor facilities in piping the oil, only a small number of wells in the western part of the field contributing to the plant.

During the spring of 1920 development reached its greatest stage in the history of the field. Cameron was the headquarters and is today of practically all the men who have become interested in the Tracy Oil Field. Drilling operations were begun in the Maysfield section of the county as a showing of oil had been reported in a water well and because of the pronounced structure of the country. Down at Gause on the Brazos, it is said, small showings of oil has been found on several occasions. The Maysfield project was barren of practical results. No oil save the shallow strata was found but the gas pressure was more pronounced as the well took on more of its purpose as a deep test.

The pendulum again swung to Tracy and soon rigs were grinding away. Shallow oil was found at what appeared to be the most shallow depth of any field in the United States. The gravity of the oil was higher than has been found anywhere in the country. Things looked rosy for a while but no practical results were obtained and after the drilling of the duster on the Huffman farm near Cameron off the structure little or no work was done in the field.

Prior to that time a large number of shallow wells had been drilled in the Tracy field beginning near the Davis farms on the west and ending about two miles east across the Little Gabriel in the direction of Minerva. Results seemed to show that the dip of the field is east and the showing is more pronounced in the lower stretches of the structure. All of the wells drilled were idle or abandoned, but all showing oil. The exact quantity of oil in these wells has not been adequately determined as no systematic development of them after drilling has been undertaken. One is apt to grow over-enthusiastic as he sees the oil bubbling to the surface and occasionally over the pipes, but men who have been in intimate touch with oil development for years declare the wells are small producers and it will require a very systematic develop-

ment and maintenance to make them pay. The major opinion is they will pay.

During the fall of 1920 a number of the wells in the western part of the field were put on pump and given a thorough test. The production seemed to be fairly good and it was developed that with a systematic development of the field and bringing the well under an improved system of pump it would be safe to count on production in marketable quantities. An effort was made in the winter the early part of the present year to haul crude oil to Cameron by truck to be marketed as fuel to local factories. This was finally abandoned as insufficient means was encountered in getting the oil above the surface.

With the exception of an occasional bit of work in drilling nothing was done in the field in a large way until the bringing of the Hohenstein well on the Isaacs farm near Minerva and about four miles from Cameron. While no information as to the strength of this well has been received the belief is expressed that it is the best well brought in so far in the Tracy-Cameron field. People who visited this well believe it will make five and maybe ten barrels a day. This is the most encouraging development in recent months and it is believed to be the beginning of a concerted effort to put the field on a paying basis.

Cameron will be the logical point for all terminals in the development of the field because of her rail facilities and general accommodations for large volumes of business. With the bringing in of the Hohenstein well together with the fact that more than 50 wells have already been drilled in the field and said to be waiting the pump prospects are bright for the coming of the paying period.

Men who ought to know have said that the field is some day going to be one of the best in the country.

Regardless of the fact that there has been no paying development in the field oil in more or less abundant quantities is found throughout the area brought under the drill since the pioneering was done by the little band of citizens.

Oil may yet bring millions to Cameron.

ONE-CENT TAX ON GASOLINE TO HIT CONSUMERS

GOVERNOR GIVES APPROVAL TO
MEASURE DRAWN BY REP-
RESENTATIVE JOHN T.
SMITH.

A bill proposing a 1-cent tax per gallon on gasoline is being prepared by Representative John T. Smith of Travis county and will be introduced at the coming special session of the Thirty-seventh Legislature, which convenes on Monday, July 18. This 1-cent tax is to be paid by the consumer, Representative Smith said. Representative Smith has had a conference with the Governor regarding the measure who has given his approval, the measure is designed as a revenue producer. It is figured out that the enactment of this measure will yield not less than \$1,000,000 a year.

At the regular session of the Thirty-seventh Legislature such a bill was

introduced by Hill of Wheeler, but he proposed a 2-cent tax and provided that the refineries should bear this burden of taxation. The bill, however, failed of enactment, even after it had been amended so as to impose the tax on the consumer. The measure received a favorable committee report, but its author was unable to obtain consideration of it on the floor of the House.

666 cures Malaria, Chills and Fever, Bilious Fever, Colds and LaGrippe or money refunded.

SAN GABRIEL GOSSIP.

June 25. Henry Yeager is now at home near this village for his summer vacation after having finished his law course in the State University. He is now a licensed lawyer and is busying himself this week in selecting a location for practice.

Miss Isabelle Camp has returned home from Austin where she has been a student in the State University.

Mr. and Mrs. Brian Woody left Thursday for their home in Temple, after a week's visit to relatives here. Rev. Bell o' Rosebud was in this village last week.

Mr. Logan of Cameron, was in San Gabriel last Thursday.

Mrs. Mattie Clark is spending a while in Austin having been called there by the serious illness of her son, Lanham, who is reported better at present.

Miss Gladys Robinson of Georgetown is the guest this week of her cousin, Miss Fay Felton of San Gabriel.

Mr. and Mrs. Pete Baird and children of Austin, are with relatives and friends of this vicinity this week.

Constable Simms of Cameron was here Tuesday on official work.

Mr. and Mrs. John Goff and little daughter are moving today to Thorndale, where they have bought property and will make their future home. It is with regret that we see them make the change but we wish them well in their new home.

J. P. Reeves of Thorndale was attending business in this community Friday.

Mr. Jackson of Lometa is spending a few days here with his daughter, Mrs. Arrilla Middleton and family.

Mr. Kelley of Palestine, was in our little berg, Saturday night.

Mrs. J. J. Stigall has been very ill the past week.

Mr. and Mrs. Elmer Outlaw were in Cameron Saturday.

T. P. Adams motored to Rockdale Saturday.

Miss Edrington of Granger, is teaching a class in Missionary work at San Gabriel Baptist church.

Jack Cummins and family of Granger, were Sunday visitors of Mr. and Mrs. Max Cummins of this place.

Mr. and Mrs. John T. Smith and daughter, Miss Zelma, were called to the bedside of Mr. Heisch's sister in Granger, last week.

Mrs. George Middleton and children are spending this week with relatives in Lometa.

Herman Reeves of Thorndale joined a group of other young people here Saturday to complete the list of guests composing a house party in the home of Miss Fay Felton.

Mr. Ed Sontag of Bartlett motored down to San Gabriel for a few hours stay Sunday morning.

Mr. and Mrs. Coy Payne and family of Salty, were among friends and relatives here Sunday.

Mr. and Mrs. Clyde Lawson motored to Cameron Sunday afternoon.

Frank Richardson spent several days of last week in Austin, where he was under medical treatment.

Mr. Algia Moore of Thrall, was among the houseparty guests of Miss Fay Felton, this past week-end.

Harry Clark made a visit to his brother in Austin the first of last week.

Mrs. Ethel Post is listed with the sick at this writing.

Mrs. Jocelyn left Sunday for a lengthy stay with relatives in Bartlett.

Miss Mona Outlaw of Taylor spent the week-end here with her parents.

Miss Fay Felton was with friends in Davilla Friday.

Branch Lewis of Rockdale bowed to friends in our village Monday.

Dr. Crockett of Thorndale was called into our village this morning.

O Cedar Polish in cans and bottles. Giles L. Avriett.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify and Enrich it. Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 73c.

NOTICE OF ELECTION

THE STATE OF TEXAS,)
COUNTY OF MILAM)

Notice is hereby given that an election will be held on the 2nd day of July, A. D. 1921, at San Gabriel school house, in Common School District No. 8 of this county as established by order of the County Board of Trustees of date the 6th day of April, A. D. 1917, which is of record in Book 1, page 4, of the Records of School Districts of said county, to determine whether a majority of the legally qualified property taxpaying voters of that district desire to increase the tax levy in said district for the purpose of supplementing the state school fund apportioned to said district from a tax of and at the rate of not exceeding \$.50 on the \$100 valuation on all taxable property in said district to a rate of not exceeding \$.65 on the \$100 valuation of all taxable property in said district and to determine whether or not the Commissioners Court of said county, shall be authorized to levy, assess and collect annually a tax of and at the rate of not exceeding \$.65 on the \$100 valuation on all taxable property in said district.

J. S. Woody has been appointed manager of said election, and he shall select two judges and two clerks to assist him in holding said election, and he shall within 5 days after said election has been held make due returns thereof to the Commissioner's Court of this county, as is required by law for holding a general election.

The ballots of said election shall have written or printed thereon the following:

"FOR INCREASE OF SCHOOL TAX."

"AGAINST INCREASE OF SCHOOL TAX."

All persons who are legally qualified voters of this state and of this county and who are resident property taxpayers in said district shall be entitled to vote at said election.

Said election was ordered by the County Judge of this county, by order of date the 8th day of June, A. D. 1921, and this notice is given in pursuance of said order.

Dated the 8th, day of June A. D. 1921.

L. L. BLAYLOCK,
Sheriff of Milam County, Texas.

OAKDALE HAPPENINGS

Edited by Mrs. Sid Hause

June 27.—Ernest Baldwin of Rice, spent Sunday with his Cousin, Mrs. Nicholson, and here sister, Miss Ethel Bishop of Dallas.

The Christian people had preaching at Oakdale Sunday, they had Brother Zulch to preach for them.

We have been having some rain out this way.

Mr. and Mrs. Sterlin Childress of near Waco, came to see her parents Friday.

Mr. and Mrs. A. L. Chatman and their children went to Cedar Creek Friday to see her parents, Mr. and Mrs. McDonald. They returned Saturday and her little brother came with them so he could go to Cameron later.

Mrs. Garner came home Friday evening to stay a while with Mrs. Marshall, and Mr. Oscar Garner from Marlow her son, came Sunday evening to see her.

Last Monday evening Mr. and Mrs. Richard Ashenbeck came to spend a while with his mother. They stopped in Cameron.

Thomas Batey, wife and baby, Mr. and Mrs. Lee Batey went Sunday evening to Mr. Bill Day's at Rice.

Mr. and Mrs. Victor Wimberly had a house full of visitors Sunday. Mr. and Mrs. A. R. Oneal, Mr. and Mrs. Jim Spraberry and children.

There was a few of our men went fishing Friday. But Frank Pasel got tired and came home so he could go to church at Milano that night.

It has been so wet that very little crop cleaning has been done. Some say they can't chop after July. They must get done.

Oscar Crawford near Cameron, was here Friday and said his wife had been sick, but is getting better.

Mr. and Mrs. Joe Ethridge of Hoyte came to church today and spent the day with Mr. and Mrs. York.

Mrs. Charley Matzig, and sons, Charley and Robert were in Cameron Saturday.

Charley Matzig, and two of the other children were in Milano Saturday evening.

News came the other day that Dr. Sparks got hurt very badly in an auto wreck. One man killed, another hurt, but there was one that was lucky, not hurt at all.

Miss Sallie Fisher came in from Dallas to have a vacation for a little while. She is at her father's Mr. Oscar Fisher, at Liberty.

This community and prospect men got together Sunday and organized a Beef Club. They say they want meat to eat and are not willing to pay market prices.

Mrs. W. C. Bobbey has some of her grand children with her and had to take them to Milano to see the Doctor as they were having chills and fever.

Mrs. J. J. Beavere of Milano, has sold over \$60 dollars worth of tomatoes this year and has some yet.

There was a revival meeting at the Baptist church going on in Milano last week and this week.

Mrs. G. E. Mullin and children of San Antonio, are with friends in Milano for a while.

Miss Jessie May Mills was to see friends at Liberty Sunday.

The overseer of the road work was out this morning getting hands to fix the little bridge below here, next to Mr. Matzig's.

We are proud of the confidence doctors, druggists and the public have in 666 Chill and Fever Tonic. 2f

NOTICE TO CONTRACTORS.
Notice is hereby given that sealed proposals for the construction of highway improvements in Milam county, will be received at the office of Giles L. Avriett, County Auditor

at Cameron, Texas, until 2 o'clock p. m. July 1st, A. D. 1921.
Description of Work To Be Done.

I ought to know I grow tobacco

You can't beat a Camel, because you can't beat the tobacco that goes into Camels.

That's why Camels are the choice of men who know and love fine tobacco. They know what makes Camels so smooth, so fragrant and mellow-mild.

They'll tell you that the expert Camel blend of choice Turkish and Domestic tobaccos makes a cigarette smoke you can't equal—no matter what you pay.

But it doesn't take an expert to tell Camel quality. You'll spot it the very first puff. Try Camels yourself.

Get the groceries you need to make the holiday enjoyable from Matula's store and you will have the very best in quality, at economy prices. Our foodstuffs are fresh and good the year round, holidays and all other days as well.

Felix Matula & Company

CAMERON, TEXAS

Made by its inventor The NEW EDISON

"The Phonograph with a Soul"

THOMAS A. EDISON invented the New Edison. And in the shadow of beautiful Llewellyn Park, Orange, N. J., he built and equipped the finest, most modern phonograph laboratories in the world. There he makes the New Edison and guards its quality with zealous attention.

Think a moment! What other phonograph or talking machine is made, protected and sponsored by its inventor—by an Edison?

Mr. Edison spent three millions of dollars in research work to perfect the New Edison. Then, to prove its perfect realism, he stood the New Edison side by side with the living

artist and matched its voice with the actual performance of the living artist. No one was able to detect any difference between the two. The New Edison has stood this amazing test over five thousand times before more than five million people.

Again we ask you to think a moment. What other phonograph or talking machine can sustain this test of direct comparison with living artists?

A GENTLEMAN'S AGREEMENT

If you love music your credit is good here. A gentleman's agreement is all we ask. Use our Budget Plan in buying your New Edison.

NEWS FROM SHARP COMMUNITY

Edited by Mrs. W. H. Lyon

June 27.—Our fourth consecutive victory was recorded here Thursday when Sharp shut out Granger 2 to 0. The game was very fast and came near being errorless. Only one was marked up for the whole session and it was a miff of an easy pop up to the Granger first sacker. Everything was airtight until the fifth and Sharp marked one. Then in the eighth frame Hudspeeth doubled to deep center, the ball liking only a few inches of clearing the wall. To complete this swat, Chatham hit to a deep left for a circuit clout which added two counters to the one already made. The last frame went off uneventful.

Sunday afternoon on the local for a twelve inning affair was thrashed out between the speedy paid team from Cameron and the home club. The visitors got the decision on a 9 to 8 count. It was the kind of game you read about, as every conceivable kind of baseball plays were to be seen in this affray. There were just plenty of sensational plays, however, a few scattered errors were also recorded for both clubs. As for hitting, we rather think that was the cause of such a large score. There was also good pitching, but it looks as if no one pitcher could have stopped the hard hitters on both sides. A good crowd was out as nearly every town in the county was represented.

William Rogers of Cameron, went through city Friday.

Branch Lewis was transacting business here Friday.

Rufus Graves was in Thordale Thursday and Friday.

Will Davis was a business visitor to Thordale Saturday.

Mr. Albert Reichert attended court in Cameron last Monday.

Mr. and Mrs. Max Prokisch announce the birth of a fine baby boy.

The following were in Rogers Friday to witness the Thordale-Rogers baseball game: Albert Reichert, Geo. and Frank Gamble, Sifton Fowler, Jesse Bartlett, Ray Bagby, the Hudspeeth Brothers, Mr. Lanning, and Mr. Chatham.

Walter Smith of Cameron, was in Sharp Friday.

Several fans came out to see the Sharp-Granger ball game Thursday, among whom were Jim Laird, Dr. Van Zant, Sam McDermott, Tom Mowdy, Aldine Baggett and Mr. Robinett. Those from Rockdale included Ed Simms, O. K. Phillips, Will Norris Hale and Ralph La Rue.

Misses Gerty and Mableene Graves are visiting Mrs. Davis in Fort Worth. Lloyd Harter of Los Angeles, Cal. is visiting home folks here.

Little Aralean Bolton of Lillac, is visiting the Bolton home here.

Seth Blocker and family of Granger are visiting the Albert Reichert home here this week.

Miss Ethel Zedlitz of Fort Worth, is visiting friends and relatives in this community this week.

Mrs. Bagby of Tracy, is visiting

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, Etc. Hall's Family Pills for constipation.

CREAM FOR CATARRH OPENS UP NOSTRILS.

Tells How to Get Quick Relief From Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffing, blowing, headache, dryness. No struggling for breath at night, your cold or catarrh will be gone. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil.

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 35 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

IT NEVER FAILS TO PUT HER RIGHT

Muskogee Woman Relieved of 15 Years Troubles By Taking Tanlac.

"Tanlac has relieved me of a case of stomach trouble that made my life miserable for fifteen or twenty years," said Mrs. Margaret C. Grider, 906 Elgin Ave., Muskogee, Okla.

"Nothing agreed with me, and the gas which formed on my stomach bloated me up so that I suffered agony for hours. There was a pressure around my heart that almost took my breath away. I was so nervous and restless any unusual noise almost drove me distracted and I scarcely ever got a good night's sleep. I was so weak and run down I could not do anything hardly, but would just move about the house like I was half dead. I used every medicine I ever heard tell of, but nothing did me any good and I had almost given up hope of ever getting well.

"But after I got Tanlac I began to mend from the very start. My appetite soon became ravenous and I began to eat things I hadn't dared touch in a long time. I have just finished my sixth bottle and haven't felt better in years. I sleep like a

child, wake up refreshed and have strength to do my housework with ease. I just always keep Tanlac on hand to take when I get to feeling a little bad, and it never fails to put me on the right road again. Tanlac is just grand."

"Tanlac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldrige Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store.

LOUIS S. PIERCE

"The Progressive Store of Cameron"

LOVE AND TAXES.

It is a truth which cupid long ago discovered that when a young man and a maid really fall in love with each other, they must necessarily think that they are different from everybody else and that never before in the history of the world, not excepting that affair of Romeo and Juliet, has there ever existed such love as theirs.

And so to every generation its problems are different and more difficult than any that have ever gone before. We of this generation feel, and probably with some reason, that we face problems of reconstruction and business readjustment greater than any that ever came before. Our taxes seem harder to bear, and we have more obstacles to overcome, we think, than rightly should belong to us.

There is a certain solace, and a lesson for us, to be found in the words of that wise man who among other things was a master printer, Benjamin Franklin. Speaking through the mouth of his fictitious character, "Poor Richard," to a much earlier generation than ours, but one which also thought its burdens more than it could bear, he said:

"Friends and neighbors, the taxes are indeed very heavy, and if those laid on by the government were the only ones we had to pay, we might be more easily discharged them; but we have many others, and much more grievous to some of us. We are taxed twice as much by our IDLENESS, three times as much by our PRIDE, and four times as much by our FOLLY; and from these taxes the commissioners can not ease or deliver us, by allowing an abatement. However, let us hearken to good advice, and something may be done for us; God helps them that helps themselves."

"It would be thought a hard government that should tax its people one-tenth part of their TIME, to be employed in its service, but idleness taxes many of us much more, if we reckon all that is spent in absolute sloth, or doing of nothing; with that which is spent in idle employments or amusements that amount to nothing. Sloth, by bringing on diseases, absolutely shortens life. Sloth, like rust, consumes faster than labor wears; while the used key is always bright. But, dost thou love life? Then do not squander time, for that's the stuff life is made of."—Granger News.

There is no profession in the universe which is so trying upon the nerves as journalism. The weekly grind becomes in times a serious strain upon the nerves of the constant worker, and irritability is as logical a sequence as mud after a rain. And to keep sweet amid the whack and ruin of physical fibre requires a more than ordinary strong will. But to smile and smile, though feeling a villain still is our sacred duty, if not to ourselves, at least to our neighbors. Some one with a wise noodle says that sugar will catch more flies than vinegar and it is true. Then let us use sugar and keep sweet.—Lexington Enterprise.

Waco Times-Herald: Let's see, when Tom Campbell was governor of this grand glorious commonwealth, the tax rate, if we mistake not, was as low as 4c on the \$100 valuation. True, the big Waters-Pierce payment helped out, but it would get us nowhere today. It is said that the rate this year will go the limit allowed—that is, to 75c on the \$100 valuation. From four cents to seventy-five cents in so short a time strikes us as exceeding the speed limit and then some. But we can't go on multiplying departments and commissions and expect to get off with a light tax rate. They who dance must pay the fiddler.

SHERIFF'S SALE.
THE STATE OF TEXAS)
COUNTY OF MILAM,)

By virtue of a certain order of sale issued out of the honorable District Court of Milam county, on the 14th day of June, 1921, by Penn Wolf, Clerk of said Court against John C. Moore, et al. for the sum of Five Thousand Six Hundred Forty-

three and 94-100 (\$5,643.94 dollars and costs of suit, in cause No. 8445 in said court, styled Mutual Lumber Co. versus Jno. C. Moore, et al. and placed in my hands for service, I, L. L. Blaylock, as sheriff of Milam county, Texas, did, on the 14th day of June, 1921, levy on certain real estate, situated in Milam county, described as follows, to-wit:

All those certain lots and parcels of land lying and being situated in Milam county, Texas, in several tracts described as follows:

FIRST TRACT: 201 acres of land, being out of and being part of the William Lane survey, abstract No. 237 and the Hugh Gray survey, abstract No. 178, and more particularly described as follows, to-wit: BEGINNING at the Southwest corner of said William Lane survey, Thence N 20 E 101 vrs to the SW Cor of the Hugh Gray survey, Thence S 70 E Eith the South line of said Gray survey, 172 vrs to cor therein, Thence N 20 E 1344 vrs to corner in North line of the Gray survey, Thence N 70 W at 172 vrs to cor therein, Thence N 20 E 1344 vrs to cor in North line of the Gray survey, Thence N 70 W at 172 vrs pass the N W cor of said Gray survey, same being the N E cor of said Lane survey, in all 797 vrs to cor on North line of said Lane survey, Thence S 20 W 1445 vrs to cor on South line thereof, Thence S 70 E 625 vrs to the place of beginning. Being the same land conveyed to Jesse Moore by J. T. Robertson and others by deed dated Oct. 6th, 1902, and of record in Book 63 page 241 in the office of the County Clerk of Milam County, Texas.

SECOND TRACT: Being 110 acres of A. Folkes league and the Jessie White survey, more particularly described as follows, to-wit: Beginning at the S W Cor of the tract of land deeded by E. M. Perry to John Moore for the S W Cor of this, said

corner being on South bank of slough, Thence N 19 W 2015 vrs to the N W Cor of the 182 acre tract of land deeded by H. H. Moore, et al. to J. G. Moore, on July 31st, 1890, said corner being the S W Cor of the 230 acre tract of land, deeded J. T. Robertson, attorney, for Wayne, T. W. to John Moore, Thence with West line of said 240 acre tract N 19 W 12 vrs N 19 E 433 vrs to stake for cor, Thence N 71 E 250 vrs to stake in field for cor, Thence S 19 W 433 vrs to corner in league line, Thence with said league line N 70 E 39 vrs to stake for cor, Thence S 19 W 1824 vrs to cor in S edge of the San Gabriel and Georgetown public road, Thence in a West-erly direction with said road for a base of 165 vrs to stake for cor, Thence S 19 E vrs to cor in South line of said Perry tract, Thence with said South line S 74 W 124 vrs to the place of beginning, containing 110 acres of land after deducting one acre for cemetery and a road leading to same, being the urvey made by Quinn Walker, surveyor, Nov. 9th, 1916, in the division of the John C. Moore estate, and being the same tract conveyed to John C. Moore by Emma and Leonard Moore, Jan. 4th, 1918.

THIRD TRACT: Out of the Daniel Robinson grant near the town of San Gabriel and being 20 acres from the North and of that 220 acre tract herein mentioned in designation of homestead, and being at the N W corner of the Thorndale and San Gabriel public road, Thence down said river with its meanders to the N E Cor of said 220 acres and the N W Cor of the old J. H. Johnson home- place in center of lane, Thence in southerly direction along the West line of the J. H. Johnson old home tract to the S E Cor of this, Thence Westerly at right angle to J. H. Johnson West line of the West line of said 220 acres in center of the San Gabriel and Thorndale public road in the East

line of the old L. L. Lee farm, Thence in Northerly direction with meanders of said road to place of beginning. The said East and West lines of this tract extending far enough South so as to embrace 20 acres within the boundaries of such tract and being all of said 220 acre tract save and except 200 cres from off South thereof, designated as our homestead and levied upon as the property of said John C. Moore, et al. and on Tuesday, the 5th day of July, 1921, at the court house door of Milam county, in the city of Cameron, Texas, between the hours of ten A. M. and four P. M., I will sell said real estate at public vendue, for cash, to the highest bidder, as the property of said John C. Moore, et al. by virtue of said levy and said order of sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Cameron Herald, a newspaper published in Milam County.

Witness my hand, this 14th day of June, 1921.

L. L. BLAYLOCK,
Sheriff Milam County, Texas,
By D. B. Gunn, Deputy.

STUDEBAKER
Automobiles

Sold for the merits and not for the looks, yet the looks of a Studebaker can't be out-classed by any car. Smooth riding all the time in a Studebaker, low gas consumption and high tire mileage is the record of this car. When you think of an automobile, and think you want a good one, think of Studebaker for there can't be better cars made for the money. Call in and have us demonstrate one of these cars for you.

Roadsters and touring cars carried in stock—Light Six or Special Six we have it.

The Studebaker will far surpass your expectations.

Joe J. Michalka

Leader in Oakland and Studebaker Automobiles.

CAMERON LEADS IN SOCIAL LIFE; IS CITY OF CLUBS

BY MRS. W. A. GILLON.

In the past ten years club life has played a very important part in the growth and improvement in Cameron. Let's start with the work of the Civic League.

An organization of the ladies who desired beauty and health, for our town rather than the conditions some of us remember a few years back.

These ladies transformed the Court House square from a hithing lot to the present beautiful lawn with cement walks, shade trees and flowers. They, too, took the present city park, with its swimming pool, pavilion, and shade trees, grass and flowers and made it what it is today.

It took long and hard work but it was well worth the effort.

Under the auspices of the City Federation—a ladies' club now inactive—held a "Better Babies" contest a few years ago that was a wonderful blessing to many parents and their children.

The Parent-Teachers' Association is one that every parent in town should identify his or herself with if they have not already done so. It meets the first Wednesday in each month. It has been instrumental in bringing parents and teachers together—a better understanding of the needs of the children, and enables them to work together for their upbuild and growth.

This association holds a social meeting once a year that the parents may meet and know the new teachers. They have at stated times given "tag days", "rummage sales" etc, to raise money and have bought several Victrolas, books, play-ground things for their mental and physical growth.

The Symphonic Club is a live, wide-awake and growing club, organized for mutual advancement and to help spread a love for good music in our community. To its president, Mrs. R. P. Jeter, credit is due for its splendid work, her untiring and faithful efforts in its behalf, the beautiful and fine year book, the programs carried out at stated periods—all helping and giving pleasure to so many.

The Historic Club can claim a large share of praise inasmuch as this club has been a great stimulant in the mental life of Cameron.

They are studying Current History this year and a number of addresses and discussions have been given by the ladies on weighty subjects.

The two needle work clubs, Priscilla and Kilkare-Sigma Phi are a combination of social and work gatherings.

Much benefit is derived by an interchange of ideas on needle-craft and teaching one another new modes and styles of hand work.

The boys' and girls' clubs in the Grammar grades and High school hold a high place for benefit and advancement in many ways, and many a time a boy or girl finds latent talent cut by their efforts in these clubs that furnishes them a life work in after years.

So much is gained by organization—a wearing together and these clubs should be encouraged.

The social clubs, too, have their place—a great place. The bridge and forty-two clubs come under this head and are just as necessary for recreation and relaxation.

A tired, worn-out housekeeper and mother off for an afternoon—beautiful decorations, congenial refreshments that she did not cook herself, forgetting for a time the cares and worries. These clubs freshen and brighten her up and fits her for the next day's tasks.

Yes, "all things have their place," and Cameron is up to the mark intellectually and mentally and socially in her Club Life.

WILLIAMSON COUNTY SCHOOL CENSUS GAINS OVER THAT OF LAST YEAR.

Georgetown, Texas, June 22.—The scholastic census of Williamson county has been completed for 1921 and the county superintendent's office gives out the figures as follows: Total for Williamson county 11,828, an increase of 403 over last year.

Thrall, Texas, June 22.—A slow rain fell yesterday accompanied by a continued wind causing the cane and corn to be damaged a little, the rain fall amounted to about three inches.

Thrall, Texas, June 23.—The eighteen-year-old son of Ed Kerlin, Ed Jr., was taken suddenly ill this morning, a physician was called who immediately had him sent to a Taylor Sanitarium where an operation for appendicitis was performed. Gangrene had already set in and his condition was very serious. He rallied from the anesthetic all right and his physician has hopes of his recovery soon.

Grove's Tasteless chili Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its Strengthening, Invigorating Effect. Price 60c.

SWARM OF BEES ATTACK A MAN WHILE PLOWING

Mr. J. F. Akins was quite severely stung last Saturday by a swarm of bees which were passing over the field in which he was plowing. In trying to protect his horse and keep him quiet he exposed himself the more to the bees, and in using his hat to fight the insects off he exposed his head to them. A number crawled into his clothes and he suffered a severe bombardment of the bees. He finally managed to fight the bees off which settled in a tree nearby. Then he went after medical aid and somewhat relieved his suffering though complained of an awful headache afterwards.—Milano Gazette.

SCHOOL BOARD ELECTS TEACHERS FOR NEXT YEAR

OWING TO THE DECLINATIONS
THERE ARE STILL SEVERAL
POSITIONS TO FILL.

Dr. A. S. Epperson, president of the Cameron School Board, reports the election of the following teachers for the Cameron Schools. The others probably will be elected at a meeting of the board to be held next Monday.

Yoe High School Faculty.
The members of the Yoe High School faculty include:

Superintendent—L. H. Kidd.
Principal—R. B. Parsons.
Miss Amelia Williams.
Miss Jennie Mae Bass.
Miss Alyne Work.
Miss Kittie Cain.
Miss Ilsa Reid.
Miss Mattie Loventhal.
Miss McLaughlin.
J. C. Jones.

List of Grade Teachers.
R. L. Brewer—Principal of Junior High School.

Miss Ada Henderson.
Miss Ruth Henderson.
Miss Mary Lake Henderson.
Miss Edna Sprinkle.
Miss Minnie Wolf.
Miss Clara Curtis.
Miss Olive McGehee.
Miss Estelle Coleman.
Miss Jewel Joslin.
Mrs. M. L. Pardo.

Those who have declined are: Miss Curtis, who was recently married; Miss Cain, Miss Work, and Mr. Williams.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c.

*Just ask your druggist for HAYES' HEALING HONEY.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chili TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

TRADE REGISTERED MARK

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Little's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cent bottle. Large size \$1.00. JAMES F. BALLARD, Prop. St. Louis, Mo.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best, to enjoy an inside bath each morning, to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of Limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of Limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and Limestone phosphate act on the inside organs. We must always remember that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Charles H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment. Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

BEAR CATS BEAT ALL STATES HERE IN AIR TIGHT GAME

ECKHART IN BRILLIANT PITCH-
ING FORM—HOLDS VISITORS
TO NEGLIGIBLE PORTION.

In the best played and most exciting game so far staged by the Cameron Bear Cats, our aggregation defeated A. & M. All States Friday afternoon three to two, the winning run being put over in the last half of the ninth inning.

Cameron had opportunities in the second, third fifth, and seventh innings to put over a run but the needed hit was not forthcoming. Neither team scored until the eighth inning when Cameron registered two runs. Neighbors got on first for the first hit he had made during the game, then up came Reddy Hamilton who drove a terrific drive into center field bringing in Neighbors and Hamilton stopped at the third corner. A. Rankin followed Hamilton and drove out a two-bagger bringing in Hamilton. No further scores were made in this inning.

In A. & M. half of the ninth at bat Wilson first man up, flew out to left field. Haynie drew a base on balls. Beauchamp then smashed out a three-bagger bringing Haynie in. Hunt, was then caught off first base for the second out, catcher to first base. Ferguson next up also got a single to center field for a hit and in the throw in Rankin's peg was bad, but the Cameron battery were on the job and by quick work Ferguson was put out for the third out when Neighbors recovered the ball and threw to Eckhart, who was at home base. In the last half of the ninth inning Gerbes hit safely, reached third on error of A. & M. second baseman, and scored when Neighbors fled to right field and Ferguson failed to field the fly. The box score follows:

Tuesday's Game.

Marlin duplicated its game of yesterday and won handsily over Cameron for the second game of the series 5 to 3. The needed punch was lacking in the Cameron team and several times men died on second and third bases when a hit would have either

Principals in Heavyweight Fight July 2nd

THE CHALLENGER

GEORGES CARPENTIER

The great French heavy weight challenger for the title in characteristic fighting pose. Carpentier's ring record is more impressive than that of the champion and critics agree that Dempsey now has to make the fight of his life.

Will the game or won it for Carpentier.

Left on bases, Cameron 6, Marlin 4. Double plays, Hamilton to Peel to Derbes, first inning, ditto second inning. Passed balls, McManus 5th. First base on errors Cameron 1, Marlin 3. Hit by pitcher, Hardee, Rogers, Eckhart. Umpire, Hooks. Scorer Pope.

Wednesday's Game.

The Cameron Bear Cats seem to have found the old pill in the third game with Marlin and led the mineral water boys to a slaughter in several places and the addition is no doubt responsible for the excellent game put up by them. Manager Cottle is doing everything possible to add further strength to the line up and will no doubt make additions and weed out until Cameron can feel justly proud of its team. Marlin has only four hits while six errors are marked up against them which was largely responsible for Cameron's victory.

Team batting .240.
Cameron played six games: Won 4 and lost 2. Percentage .667.

On Sunday afternoon rain prevented Cameron from filling its date at Thorndale and as the Sharpe-Rosebud game had been called off on the same account our aggregation went out to Sharpe and got revenge for the defeat Sharpe had administered to our team a week previous. It was the first extra inning game in which we have participated and was won by our Bear Cats in the twelfth inning. Neighbors, first up in the twelfth inning smashed out a two-bagger, advanced to third on an infield out and scored on a wild pitch by Bagby.

Neighbors, Bogges, Stolen bases, Reno, Page. Umpire, Hooks. Scorer, Pope.

CAMERON 9, SHARPE 8.

5,000 WOMEN TO SEE BIG RING BOUT

THREE OF THEM MEMBERS OF
ROOSEVELT FAMILY, HAVE
MADE RESERVATIONS.

New York, June 29.—Five thousand women will be sprinkled among the spectators of the Dempsey-Carpentier fight at Jersey City on Saturday, it was learned today. Many of them will have choice seats in boxes at the ringside.

Three of the women will represent the Roosevelt family. Tex Rickard announced that reservations had been made for Theodore Roosevelt, assistant secretary of the navy, and his wife, Mr. and Mrs. Kermit Roosevelt and Mr. and Mrs. Nicholas Longworth.

Grove's Tasteless chill Tonic restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 50c.

BLACK-DRAUGHT

SPECIAL WIRE FOR BIG FIGHT RETURNS

The Dempsey-Carpentier fight returns will be furnished in Cameron at the baseball park through the efforts of the baseball management. It is to be given to the public at the ball park immediately after the returns are flashed over the wire and this will be the only opportunity in Cameron to get these returns. It is perhaps not an exaggeration to say that there are thousands of people, both male and female, who are daily reading every line they find on the big fight and are following their choice daily throughout their training season. Being an international event this fight will draw a much larger crowd at the ring side than any fight in history. The principals will draw down the largest purses ever offered for an event of this kind and it is estimated the gate receipts will total around a million and a quarter of dollars. Throughout the country it is necessary for those who cannot witness the fight at the ring-side to get these returns by telegraph. The best and highest priced service to be gotten was taken by the baseball management and this will be furnished the patrons at our local ball park on the afternoon of July 2nd, a few minutes after the actual rounds have been finished.

Immediately after the fight has terminated Cameron will play Sharpe on our grounds and those who have purchased tickets for the fight will be entitled to see the game which will start immediately after the fight is finished. The Cameron Band will furnish music during intermissions and the baseball management is planning for a monster crowd to witness these two attractions. Those desiring to see the ball game but do not care to hear the fight returns can do so by waiting until the fight has terminated.

Those desiring to see the fight and ball game on one ticket will find it to their advantage to purchase their tickets well in advance as this occasion will bring the largest crowd of the year into the ball park. The price of the fight and game together will be seventy-five cents while the ball game alone will be at the regular price of thirty-five cents admission with fifteen cents additional for grandstand seats.

Tickets for this double bill will be found on sale at the Palace of Sweets and at Pace-Marshall Drug Company. It will be wise to purchase your tickets early.

honor is due him for his progressive-ness and for his great capacity as a merchandiser.

All Texas takes lessons from Cameron. The press hails Cameron as best newspaper town in the state. The retail merchant is responsible for this great estimate of our town and to him shall go the honor.

WHY SCRUGGS WAS HONORED

Texas ex-Doughboy Is Made State Adjutant Because He Attended Every Legion Convention.

Because Charles W. Scruggs of Dallas, Tex., attended every state and national convention of the American Legion, he was rewarded with the strenuous job of adjutant of the Texas department.

Mr. Scruggs enlisted as a private in the thirty-sixth division early in the war, and served with that unit in America and France. He was discharged as a sergeant at Camp Bowie, Tex., March 1, 1919. Mr. Scruggs attended the University of Texas and then taught school two years. At the outbreak of the war he was a reporter on a Texas newspaper.

Convicts in Olive Drab Uniforms.

A protest against the wearing of the olive drab United States service uniform by prisoners of the Monroe State Reformatory at Monroe, Wash., has been made by Thomas N. Swale, commander of the Washington department of the American Legion, who with a committee of Legionnaires visited that institution. Representatives of the bureau of War Risk Insurance and the federal board for Vocational Education joined with the Legion members in the protest to the state officials. Shortage of funds and the low cost of the uniforms were responsible for their adoption as the official prison garb, according to state officials. It is believed that the prison officials will adopt some other uniform for the convicts.

States O. K. Five-Fold Plan

The state legislatures of North Dakota, Oregon and Minnesota have adopted resolutions urging that congress pass the Fordney bill, which embodies the five-fold compensation plan of the American Legion. The action of the North Dakota legislators is especially noteworthy in that their state has already awarded each veteran a flat bonus of \$25 a month of service, the largest state bonus to be granted.

Piles Cured in 5 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure itching, burning, bleeding or protruding piles. In 5 to 14 days you can get relief after the first application. Price 60c.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

BETTER PRICES IN CAMERON COTTON MARKET THIS YEAR

NEW COMPRESS WILL AID MARKET PRICES ON COMING CROP.

Cameron Cotton Market will be the best in this section when the new compress now under construction is completed. This is made possible by the facilities to be incorporated for handling cotton.

Construction of the new compress - 200x100x100 ft. - will cost approximately \$200,000 when completed.

Fire on October 10, 1920 destroyed the compress here and the handling of cotton was made difficult. The capacity of the new compress will accommodate storage to the amount of 15,000 bales and a daily receiving of 1,000 bales. The old compress had a storage capacity of 8,000 bales and a receiving capacity of 1,000 bales.

The new compress will be fire proof. A wall 600x400 feet to be constructed with dividing walls of concrete is to be a part of the vast plant. Track are will be constructed so as to enable the compress to load cotton more easily. All floors will be of concrete. Protection against fire is provided with six inch water mains through the building. The construction will comply in every way with the state fire insurance laws.

The plans are to have the compress completed by August 1, this year, in order to accommodate the current crop.

The compress was established in 1895 with the following organization: J. G. Smith, Temple, E. Phillips, Taylor, S. J. Webb, Minden, La., W. M. Jeter and C. H. Yoe of Cameron. In 1900 A. J. Dossett of Meridian, Miss., purchased the controlling interest and moved to Cameron. R. D. Brown came here in 1889, purchased interest and in 1912 was elected secretary and treasurer.

The compress is one of the biggest assets in this section of Texas.

Was Very Weak

"After the birth of my baby I had a back-set," writes Mrs. Mattie Crosswhite, of Glade Spring, Va. "I was very ill; thought I was going to die. I was so weak I couldn't raise my head to get a drink of water. I took . . . medicine, yet I didn't get any better. I was constipated and very weak, getting worse and worse. I sent for Cardui."

TAKE

CARDUI

The Woman's Tonic

"I found after one bottle of Cardui I was improving," adds Mrs. Crosswhite. "Six bottles of Cardui and . . . I was cured, yes, I can say they were a God-send to me. I believe I would have died, had it not been for Cardui." Cardui has been found beneficial in many thousands of other cases of womanly troubles. If you feel the need of a good, strengthening tonic, why not try Cardui? It may be just what you need.

DON'T LET BABY CRY HE NEEDS MEDICINE.

Babies don't cry for fun. They do cry when they're sick, though. If you had such a pain as baby has in his little stomach you'd cry, too. Go to the drug store now for a bottle of Nash's Baby Bowel Elixir, then when baby get cross and peevish give him a dose of this pleasant harmless medicine.

Through Nash's Baby Bowel Elixir is not a soothing syrup it does nevertheless soothe. Though it contains no narcotic poisons it does give almost instant relief. It is an old reliable remedy used by many families for years, being effective for cases among children and grown-ups it given in larger doses.

When there's a little baby in the house, however, it is really a necessity and almost indispensable for teething, diarrhoea, summer complaint, loss of flesh, loss of appetite, vomiting and

all derangements of stomach and bowels. The genuine is old by eading druggists everywhere, in 30 cent bottles encased in blue carton. Sold by Sexton's Drug Store, Walnut Ridge, Ark. —adv.

RETAIL MERCHANTS BACKBONE OF LOCAL TRADE INDUSTRY

PROGRESSIVE MERCHANTS ATTRACT MILLIONS TO CAMERON ANNUALLY.

Among the great commercial assets to which Cameron owes her splendid growth and trade supremacy is her retail merchants.

The retail merchant is the backbone of commerce. He makes or mars the commercial system of his city. He plays the leading role in the industrial drama of the nation and on him depends the measure of attraction any trading center develops to stimulate and to build up a great system of business. He is at all times in contact with the ultimate consumer and on the conduct of his business depends his personal success as a business man as well as the success which his town makes as a trade center.

Cameron's mercantile system; her live, progressive merchants and business men, are not only acclaimed in terms of local appreciation but are commended upon throughout the state of Texas because of their progressive, stimulation of trade. The merchants of Cameron are known throughout the state and the press not infrequently comments in terms of praise and admiration of the spirit shown by the Cameron merchants; of their advertising campaigns throughout the year

and of their application to retail business.

Cameron merchants are advertisers. They advertise as an investment and have found it their best method to stimulate trade. With the best local papers in Texas covering as they do the trade territory with circulation profitable to them in advertising their goods, they make the best of the advantage they have.

The volume of Cameron's retail business will run annually into millions according to the estimates of those who are intimately in touch with the trade. The merchants of Cameron prosper because they have cultivated the commercial territory and have met the demands of the growing trade.

In Cameron's retail row the people find what they want. They find it at a price that makes it attractive for them to do their trading here. The trade radius is thus annually increased so that now people come from miles in every direction to lay their money on the counters of local merchants.

Store attraction has played a big part in the pre-eminence of local retail industry. The stores are kept properly and the stocks are inexhaustible because live merchants are behind them.

One of the big features of Cameron's retail trade is the progressive policies of the grocery merchants. They advertise and quote prices, making it attractive at all times for the people to buy here. They undersell any other town in this section of the state because they know how to do business and have the interest of the customer at heart, willing to take small margins of profit.

Cameron is a great commercial center because of her retail merchants. The retailer is the man who is making Cameron the best market center for retail purchases in Texas and all

DODGE BROTHERS MOTOR CAR

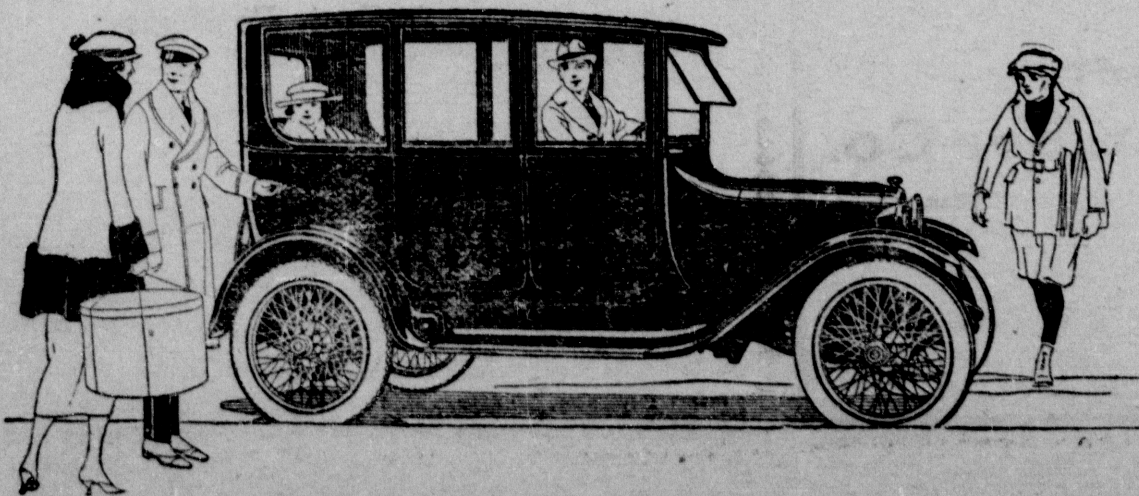

Dodge Brothers expect every car sold to be the basis of a friendly association with the owner.

The car is built with that thought upper-most, and every possible humane effort is put forth to win and hold public good will. The gasoline consumption is low—The tire mileage is high.

A BIG REDUCTION IN DODGE CARS. PRICE REDUCED \$310.00—and now the cars are equipped with cord tires.

DREW LESSONS FROM NATURE

College Professor Who Had Some Original Views Kept Students Awake.

At college we had a professor of machine design who was as original in his views as he was able in his subjects, writes John H. Van Deventer in Industrial Management. One of his pet theories was the inter-relationship between nature and correct design. "Boys," he would say, "there has been only one designer who never made a mistake, and the more we study His work the better machines we will build."

"When you put legs under a machine think of a horse or a cow, and get them as far apart as you can—don't get too much overhang at either end."

And, speaking of a counterbalance, "Study the kangaroo; there is not a prettier example of equilibrium in all positions. The further over he leans the more his tail comes into action off the ground."

And again, in speaking of general design, "Wherever possible, try to work for elasticity as against rigidity. You find very little of the rigid in nature and little trees often survive a gale by bending, where big ones are blown down."

All of which was undoubtedly very true, and made more of an impression on his hearers than some of the more complicated mathematical demonstrations that followed.

HELD FIRST SUNDAY SCHOOL

Englishman the Founder of Institution Now Recognized as a Force of Our Civilization.

The first known Sunday school was started in 1812 in a little village in England by Robert Raikes, a man of moderate means, and with no official church connections. Raikes lived in Gloucester, and was a regular attendant at Sunday church services. One Sunday morning he left his door step to make his slow and calm progress to the place of worship when he was halted by a burst of profanity from the lips of a small boy about to be engaged in fistie battle with a playmate. The fight was on before Raikes could reach the spot, and the original burst of profanity was added to by the excited spectators.

Raikes stopped the fight, and persuaded the entire group of boys to go to his home. He abandoned his intentions of going to church and spent the morning with telling Bible stories in a simple fashion, and in getting the boys to help him in a singing program. The next Sunday the entire crowd came back and brought their friends with them. The Sunday school was established. The idea spread to other English villages, jumped to France, and then Germany, and lastly to the United States. Sunday schools are now in operation in every civilized nation in the world.

Independence.

Independence is a good thing when you know just how to use it. No one with the right red blood in his veins wants to be dependent upon some one else. Men who have made the world move are the fellows who are known to be governed by a spirit of independence that has made them different from other fellows. And yet in spite of it all we are more dependent today than we have ever been. Our grandfathers used to raise the cows, kill and skin them, tan the leather and then make the shoes that went on the little feet of the children. Grandmothers carded the wool, spun the yarn, wove the cloth and made the clothes that kept the family warm. They were an independent lot. They could get along with less help from others than can modern civilization. Yet they were far from exercising a spirit of independence. They were the very essence of hospitality and good will. They worked hard, but their lot was better than they knew.

Condor's Fighting Qualities.

Like many other greedy creatures, the condor after his dinner becomes incapable of flight, and it is only then that he can be approached with safety; but even now the hunter must be cautious and strong. A Chilean miner, who was celebrated for his great physical strength, once thought that without weapons he could capture a condor which seemed unusually stupid after its heavy meal.

The man put forth all his powers, and the engagement was long and desperate, till at last the poor miner was glad to escape with his life. Exhausted, torn and bleeding, he managed to carry off a few feathers as trophies of the hardest battle he had ever fought. He thought that he had left the bird mortally hurt. The other miners went in search of the body, but instead found the bird alive and erect, flapping its wings for flight.

Fish That Climbs.

Colombia has a species of catfish which has achieved a reputation for its climbing proclivities. One of these was watched by a naturalist and it progressed a distance of 18 feet in half an hour, making its way over a steep rock over which a stream of water was passing in the opposite direction. This is accomplished by means of a suction apparatus. There are other fish with this accomplishment in the Himalayas which have no such apparatus, but which make their way against the current and up steep waterways, adhering to the rocks by their smooth ventral skin and enlarged lips.

KU KLUX KLAN MAKES ITS BOW IN SAN ANTONIO.

San Antonio, Texas, June 28.—Bringing a gift of charity and a message of hope and good cheer, the Ku Klux Klan made its first public appearance in San Antonio Tuesday morning.

As the sun peeped through the trees that surrounded the Protestant Orphans' home in West End this morning, an automobile with curtains closely drawn, stopped at the gate. Three men alighted, walked quickly along the pathway that leads into the hall.

As Mrs. Ida Blass, matron, opened the door, one of the three placed a sheaf of paper and a package of currency in her hand and turning abruptly re-entered the automobile and quickly drove away.

The paper proved to be a letter bearing the signature of the Ku Klux Klan. The package of bills contained \$100, a donation to the support of the home. The letter, of which there were copies, contained instructions to the matron to present each copy to the three daily newspapers in San Antonio.

It contained a warning to evil doers of all races and a promise of protection and aid to the innocent and weak and the hope "that our work may eventually result in the coming of a day when the orphans' home of the south will only be a matter of history."

PEP!

(By Grace G. Bostick.)
Vigor, vitality, vim and punch;
That's pep.

The courage to act on a sudden hunch
That's pep.

The nerve to tackle the hardest thing
That's pep.

With feet that climb and feet that cling,
And a heart that never forgets to sing—
That's pep.

Friendly smile on an honest face—
The spirit that helps when another is down,
That knows how to scatter the blackest frown,
That loves its neighbor, and loves its town—
That's pep.

To say "I will"—for you know you can—
That's pep.

To look for the best in every man—
That's pep.

Too meet each thundering knockout blow,
And come back with a laugh, because you know
You'll get the best of the whole darned show—
THAT'S PEP!!!

GINNERS SUGGEST RATE FOR SEASON.

Corpus Christi, Texas, June 27.—Approximately 55 of the leading ginnermen of South Texas met here Saturday at the annual gathering of the Gulf Coast Ginners' Association to discuss prices and other points of interest. It was decided that 40 cents would be a fair rate for ginning though, because of the anti-trust laws, the decision of a "fair" rate was made advisory only. No conclusion as to a fair price for bagging and ties was reached.

Legislative measures also were discussed, wide divergence of opinion being shown as to the necessity for laws covering fixing of ginning rates by a state commission, and another proposed law which would give ginnermen a lien upon all cotton handled by them until all charges had been paid.

The Texas district of the Walther League will hold a three-days' convention July 3 to 5 at the Trinity Lutheran Church (Missouri Synod), Houston, Texas. The state league is a branch of the international association by that name. In attendance and general interest this year's session promises to be the greatest held in this state.

The Walther League is an association of young people's, young men's and young ladies' societies of the Evangelical Lutheran church of America. This association was organized in the year 1893 at Buffalo, N. Y., and has since spread over all the United States and Canada. It was called Walther League after the sainted Dr. C. F. W. Walther, the greatest Lutheran theologian of America and founder of the Missouri Synod of the Lutheran church in America.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEP-SIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

NOTICE TO SPEEDERS.

The City Council and Mayor of Cameron have given instructions to City Marshall Holtzclaw to enforce laws of Cameron. Mr. Holtzclaw stated this morning that a man would be put on the job and the law would be strictly enforced. This applies to the city of Cameron and every one must obey the laws.
ED HOLTZCLAW, City Marshal.

Dodson's Liver Tonic

Killing Calomel Sale

Don't sicken or salivate yourself or paralyze your sensitive liver by taking calomel which is quicksilver. Your dealer sells each bottle of pleasant, harmless "Dodson's Liver Tonic" under an ironclad, money-back guarantee that it regulates the liver, stomach and bowels better than calomel without making you sick—15 million bottles sold.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS Chill TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel strength, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS Chill TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chill TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chill TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Small Tires That "Run and Run and Run"

If you use 30x3, 30x3½ or 31x4 Clincher Tires, we've got the tires you should have. They're

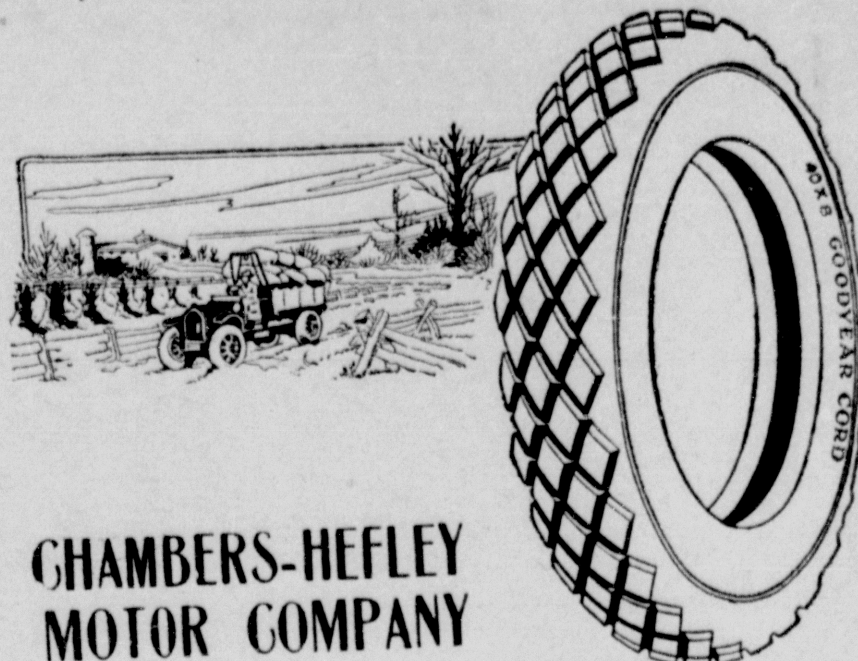

Goodyear Tires

A lot of them are in use around here and users say they're the best on the market.

They just run and run and run," is the way one of our customers expressed it.

Don't waste time and money with shoddy tires. You never get anywhere with them.

Buy Goodyears and end your tire worries.

One Day Canning Demonstration In Cameron July 12

DR. ADDIE SULLIVAN WILL CONDUCT SCHOOL FOR BENEFIT OF WOMEN IN CAMERON.

George Banzhaf, county farm demonstrator, announces a one day canning demonstration here on July 12. This demonstration will be conducted by Mrs. Addie Sullivan of the extension service of the A. & M. College. Following is a letter from Mrs. Sullivan outlining the plan of the work.

Mr. George Banzhaf, Rockdale, Texas, My Dear Mr. Banzhaf:

I shall be in your county July 11th and 12th to give demonstrations in food preservations and steam pressure cooking. When you decide where you want this work done, I advise that you appoint a committee of the leading ladies of the community to arrange for the supplies and the meeting places. This will relieve you, make them feel the responsibility of getting things ready, and cause them to take more interest in the work.

I find that the women have their greatest difficulty in canning corn and beans, so I have planned to give demonstrations in canning these products. I am having tin cans sent to Rockdale to use in the demonstration. We shall need about a gallon of tender fresh beans and ten or twelve ears of freshly gathered corn for this work. If any of the ladies are interested in meat canning an old hen, steak, or roast will be good for this. Now I want to give what the people need and if there is something else they want I shall be glad to give it if we have time. For the pressure cooking demonstration, we shall need vegetables such as snapped beans, Irish potatoes, etc., and an old tough fat hen, the tougher the better—is fine.

I have found it much more satisfactory to have the demonstrations in some home where we can have the necessary equipment. It is hard to provide equipment when the meetings are held at public buildings.

If you wish to communicate with me send me a letter to the College by July first or second.

I am looking forward with much pleasure to my visit in your county.

Yours very truly,
ADDIE SULLIVAN.

BE SURE YOUR TIRES ARE FRESH LIVE GOODS

The automobile tire market has been flooded in recent months with great quantities of tires, many of them heavy with age. Manufacturers who guessed that the great sales of the war period were going to keep up indefinitely found themselves when the big slump came with millions of tires on their hands.

"There is a big satisfaction," says Mr. Horstman, dealer in United States tires, "knowing the tires you offer the public are fresh live goods. Everyone knows how rubber deteriorates with age—a rubber band that has been laid away for several months loses its elasticity and breaks easily. The United States Tire Company was never able to fill its orders during period of prosperity and as a consequence today has only new fresh tires to offer its customers."

Gets One Year On Liquor Charge

H. J. KITCHENS SENTENCED FOR ONE YEAR IN PENITENTIARY THURSDAY.

H. J. Kitchens was found guilty by a jury in the District Court this morning on a charge of unlawful possession of liquor and was sentenced to one year imprisonment in the state penitentiary.

This is one of three liquor cases in which convictions were obtained by District Attorney Jack Lewis this week. Ed Herzig was given a five year suspended sentence and Joe Jazek was given a three-year suspended sentence.

Ed Munoz was given a life sentence in the penitentiary on a statutory charge involving a criminal assault upon a young Mexican girl about three weeks ago.

Practically every case in the June term of court has resulted in conviction and District Attorney Jack Lewis is shown as an able prosecutor and representative of the state.

Mrs. R. D. Brown has as her guests this week, her mother, Mrs. Hickland of Weatherford, and her sister, Mrs. Dollie Christolm, of Washington, D. C. Mrs. Christolm came by way of New York City, thence by water to Galveston, arriving in Cameron Wednesday night.

Dr. A. S. Epperson, president of the Cameron School Board, reports the election of the following teachers for the Cameron Schools. The others probably will be elected at a meeting of the board to be held next Monday.

Miss Mattie Loventhal.
Miss McLaughlin.
J. C. Jones.

List of Grade Teachers.
R. L. Brewer—Principal of Junior High School.

Miss Ada Henderson.
Miss Ruth Henderson.
Miss Mary Lake Henderson.
Miss Edna Sprinkle.
Miss Minnie Wolf.
Miss Clara Curtis.
Miss Olive McGehee.
Miss Estelle Coleman.
Miss Jewel Joslin.
Mrs. M. L. Pardo.

Those who have declined are: Miss Curtis, who was recently married; Miss Cain, Miss Work, and Mr. Williams.

To Stop a Cough Quick

Take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c.

Just ask your druggist for HAYES' HEALING HONEY.

BRANCHVILLE

June 28.—"Be still sad heart and cease repining, for behind the clouds is the sun still shining."

Baseball, checkers, "42" etc., are our daily occupation as it continues to rain and rain.

Mr. V. H. Harlan lost a very valuable cow and has another one very sick with tick fever.

Mr. and Mrs. Guy Self were week-end visitors with Mrs. Roy Yates. While here they motored to Cameron for a day's shopping.

Mrs. Sallie Harlan visited Cameron on Saturday.

Brother Cockrell preached a very interesting sermon for us Sunday. The Methodist meeting has been postponed indefinitely.

Mrs. W. G. Smith is a Houston visitor this week.

We have a very interesting program at the Debating Society Friday night. All are cordially invited to attend.

Mrs. W. Y. Self spent the week-end with her daughters, Mesdames Slaughter and Gunn in Cameron.

Mrs. Millingham is very sick at her home near here.

Local talent will present the play "Under the Laurels" at the school house Friday night, July 1st. Every one invited to be present.

ICE CREAM SUPPER.

There will be an ice cream supper at Walker's Creek, Saturday night, July 2nd, for the benefit of the church. The Ladies' Aid will have a quilt for sale. Every body cordially invited.

Mr. Robert Smith left Tuesday night for Kansas City, Mo., to study music.

MESSAGE PRAISING ODD FELLOWS LODGE.

Cameron, Texas, June 13, 1921. Dear Odd Fellows:

I would indeed be an ingrate if I should not, feebly at least, express my thanks to you and your noble order for what has been done through you and your influence for my father's children.

For fifteen long years my orphaned brothers and sister have been your wards in the I. O. O. F., home at Corsicana, and you may well be proud of that noble institution. The Ex-students are a credit to any college in our country and the boys and girls still in school there, are being molded into useful citizens who will mean much to the future of our great nation.

Words fail me when I try to tell you, one and all, how my heart overflows to you for your kindness. The work is finished. All the McAnnals are now gone from your school, but the gratefulness will abide in my heart forever.

It was an hour of trial for me when the train moved away from my vision carrying the precious lives of my three baby brothers and then later my dearly loved sister leaving me all alone. But I feel it was the greatest deed I ever did when I turned their little lives into your noble hands, and I only wish there were a "Rebecca" lodge here so I could become one of you, in part.

Again let me express undying love and gratitude.

Your friend,
(Signed.) LEILA M. BATTE.

Max E. Renolds is to leave Saturday for a trip to New York City and California.

cation, with F. S. Lesovsky as chairman, was instructed to express to the city council the wisdom of levying a special tax for the purpose of carrying on a campaign against flies and mosquitoes.

J. T. Parma brought up the matter of improving the telephone service in Cameron, especially with respect to getting trouble repaired and new telephones installed, the opinion seeming to prevail that it is

not the fault of the local manager, but of the officials "higher up." Upon motion from Giles L. Avriett, seconded by J. W. Coleman, a committee was appointed by the chair to confer with the officials of the telephone company and to do everything possible to locate the cause of the bad service and seek to eliminate it. The following committee was appointed by the president: Giles L. Avriett, chairman, J. T. Parma, F. S. Lesovsky, Oxsher Smith, J. D. Dobbins, J. W. Coleman.

To the Agricultural Committee of the Cameron Commercial Club, Gentlemen:

Although it is not the usual custom for a detail report to be made by a cotton classifier of a classing station at the end of the season, but in view of the fact some may not know what the classing station has accomplished the past season or what benefits derived therefrom, I am taking the liberty of "handing you a detailed report.

In doing so I am not advocating pro or con as to what disposition shall be made of the station here, but simply to show what the office has been the past year. With one exception my work here has been a most pleasant one, with the heartiest cooperation of your committee and cordial relationship with all the farmers I have come in contact with. This fact no one appreciates more than I. This station has classed cotton from Rockdale, Taylor, Bartlett, Holland, Heerne, Calvert, Rogers, Rosebud, Therdale, Buckholts, Burlington, Caldwell and Hicks.

This office has been open at all times throughout the year and has been the meeting place for farmers over this territory when in Cameron to sell cotton, to gain information for their benefit. Especially farmers from the surrounding towns have taken advantage of the service offered. Thanking you for your hearty support, I respectfully submit the following data:

Number of bales classed at 25c per bale, cash 1,724.

Number of bales classed at 12 1/2c per bale, cash 1,630, \$203.70.

Total \$834.70.

Number of bales classed at 25c per bale refund, 438.

Number of bales classed at 25c per

bale due 88.

Number of bales classed at 25c per bale loss, 88.

Number of bales classed at 25c per bales applied on subscriptions, 3,738.

Total number of bales classed 7,701.

On hand, bale of loose.

Respectfully,

THOS. R. DEPEW,
Cotton Classifier,
Cameron, Texas.

You will find it real economy to buy our bread. When you figure out the cost of your bread each week and take into account the amount of work done by yourself and how much more profitably you could spend that time you will understand why thrifty housewives purchase our bread and pastry.
